IF SPEAKING FOR AN ORGANIZATION, NAME OF ORGANIZATION:

Subject: City Policy toward trees

BRIEF OUTLINE OF MAJOR ISSUES TO BE MADE REGARDING THIS SUBJECT:

- 1) Hurlbut Street's mature Coast Live Oak, with downsized 30 foot canopy, only the latest victim of the Planning and Permitting Department's cavalier attitude toward consulting with the city arborist as required by the city tree ordinance.**
- 2) City Manager's claim to not have known about the conflict between the tree and the Hurlbut St. development only highlights the need for a stronger tree ordinance, for mandatory prior consultation with the city arborist, and for notification of all residents of nearby communities before the Planning & Permitting Dept. is allowed to approve new developments.**
- 4) This is part of a recent pattern. The city must require all new development to allow airspace for the canopy of mature shade trees.**

NOTICE TO SPEAKER: Please come to the podium, and after receiving recognition from the Mayor, state your name and address for the record. When speaking, kindly face and address the Mayor and City Council at all times.
