

# Ordinance Fact Sheet

**TO:** City Council  
**FROM:** City Attorney  
**SUBJECT:** Ordinance Allowing Flag Lot Subdivisions Only in the Hillside Development Overlay District and Creating Standards for Flag Lot Subdivisions

**DATE:** July 1, 2002

## **TITLE OF PROPOSED ORDINANCE:**

AN ORDINANCE OF THE CITY OF PASADENA AMENDING TITLE 16 (SUBDIVISIONS) AND TITLE 17 (ZONING) OF THE PASADENA MUNICIPAL CODE TO ALLOW FLAG LOT SUBDIVISIONS ONLY IN THE HILLSIDE DEVELOPMENT AND DESIGN STANDARDS FOR FLAG LOT SUBDIVISIONS

## **PURPOSE OF ORDINANCE:**

The proposed Ordinance implements and codifies the Pasadena Municipal Code amendments to Title 16 (Subdivisions) and Title 17 (Zoning) as directed by the City Council on May 6, 2002. The Ordinance will establish a conditional use permit process for flag lot subdivisions. This will provide an opportunity to reduce possible land use impacts, maintain the density of an area, and provide for protection of natural and/or cultural resources. The Ordinance will authorize the Subdivision Committee to conduct review hearings and ensure implementation of design standards for the creation of flag lots in the Hillside Development (HD) Overlay District.

## **REASON WHY LEGISLATION IS NEEDED:**

The Pasadena Municipal Code and subdivision and zoning provisions contained therein can only be changed by an ordinance amending the Municipal Code.

## **PROGRAMS, DEPARTMENTS OR GROUPS AFFECTED:**

The Planning Division of the Planning and Development Department will implement the proposed Ordinance. Property owners and residents within the Hillside Development Overlay District would be affected by the Ordinance.

MEETING OF 7/15/2002

AGENDA ITEM NO. 9.A.(1)

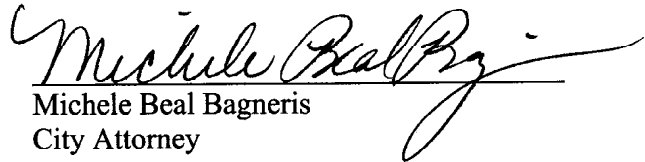

**FISCAL IMPACTS:**

The proposed Ordinance will result in an additional cost to applicants for the submittal of conditional use permits in addition to the existing required tentative map or parcel map application fees.

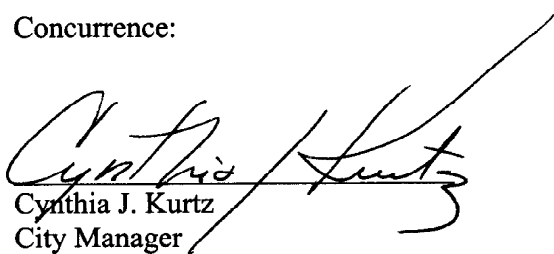

**ENVIRONMENTAL:**

The proposed code amendment is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15303, Class 3 (for new construction or conversion of small structures).

Respectfully submitted,

  
Michele Beal Bagneris  
City Attorney

Concurrence:

ORDINANCE NO. \_\_\_\_\_

**AN ORDINANCE OF THE CITY OF PASADENA AMENDING TITLE 16 (THE SUBDIVISIONS CODE) AND TITLE 17 (THE ZONING CODE) TO ALLOW FLAG-LOT SUBDIVISIONS ONLY IN THE HILLSIDE DEVELOPMENT (HS) OVERLAY DISTRICT, AND THE ADOPTION OF DEVELOPMENT STANDARDS FOR FLAG-LOT SUBDIVISIONS.**

**SECTION 1.** This ordinance, due to its length and the corresponding costs of publication, will be published by title and summary as permitted by Section 508 of the Charter. The approved summary of this ordinance reads as follows:

**"Summary**

This purpose of this ordinance is to permit the creation of a flag-lot only on single-family (RS) zoned property of the Hillside Development Overlay District (HD), and shall not be allowed in any other zones of the City, including the HD-1 Overlay District. Further, a flag-lot will require approval of a conditional use permit reviewed by the Subdivision Committee, and only when a traditional subdivision is first possible. Thus, if no reasonable alternative exists due to extreme topographic conditions or other physical conditions would a flag-lot subdivision be permitted. Additionally, this ordinance will prohibit the creation of flag-lots through a Lot Line Adjustment process and will only allow creation of a flag-lot through a Parcel Map or Tentative Tract Map. Lastly, this ordinance will adopt design and development standards for the creation of flag-lots."

**SECTION 2.** The title of Section 16.18.040 entitled, "Variance Authority" is amended as follows:

"16.18.040 Variance and Conditional Use Permit Authority."

**Section 3.** Section 16.18.040 is amended by adding a new paragraph, immediately after the existing paragraph, that reads as follows:

"The subdivision Committee shall have the authority to grant conditional use permits, which conditional use permits are required pursuant to a tentative map or tentative parcel map application when the creation of a flag-lot is proposed. Conditional use permits applications shall not be accepted for the creation of a flag-lot pursuant to applications for lot line adjustments and certificates of compliance. Conditional use permits shall be reviewed pursuant to the standards contained in Section 17.64.370 (Flag-Lot Regulations) of the Zoning Code."

**SECTION 4.** The definition of "Lot, flag or corridor" contained in Section 17.12.020 entitled, "Rules of construction and definitions" of Title 17, is amended to read as follows:

"Lot, Flag or Corridor. 'Flag or corridor lot' means a lot in the approximate configuration of a flag pole or sign post, with the pole or post functioning primarily as an access way to the main body of the lot from the street of access."

**SECTION 5.** Section 17.20.030 is amended as follows:

A. By amending the schedule entitled, "**RS-1, RS-2, RS-4 AND RS-6 DISTRICTS: DEVELOPMENT STANDARDS**" as shown in Exhibit 1, attached hereto and incorporated by this reference.

B. By amending the schedule entitled, "**RS-1, RS-2, RS-4 AND RS-6 DISTRICTS: ADDITIONAL DEVELOPMENT STANDARDS**" by adding the following:

"(U) Subdivisions where a flag-lot is proposed, or where development of an addition or new residence on a flag-lot is proposed, shall comply with 'Flag-Lot Regulations' contained in Chapter 17.64."

**SECTION 6.** Section 17.22.030 is amended as follows:

A. By amending the schedule entitled, "**RM-12 DISTRICT: DEVELOPMENT STANDARDS**" as shown in Exhibit 2, attached hereto and incorporated by this reference.

B. By amending the schedule entitled, "**RM-12 DISTRICT: ADDITIONAL DEVELOPMENT STANDARDS**" by adding the following:

"(Y) The creation of a flag-lot shall not be allowed."

**SECTION 7.** Section 17.24.030 is amended as follows:

A. By amending the schedule entitled, "**RM-16, RM-32 AND RM-48 DISTRICTS: DEVELOPMENT STANDARDS**" as shown in Exhibit 3, attached hereto and incorporated by this reference.

B. By amending the schedule entitled, "**RM-16, RM-32 AND RM-48 DISTRICTS: ADDITIONAL DEVELOPMENT STANDARDS**" by adding the following:

"(DD) The creation of a flag-lot shall not be allowed."

**SECTION 8.** Section 17.28.030 is amended as follows:

A. By amending the schedule entitled, "**CO, CL AND CG DISTRICTS: DEVELOPMENT STANDARDS**" as shown in Exhibit 4, attached hereto and incorporated by this reference.

B. By amending the schedule entitled, "**CO, CL AND CG DISTRICTS: ADDITIONAL DEVELOPMENT STANDARDS**" by adding the following:

"(S) The creation of a flag-lot shall not be allowed."

**SECTION 9.** Section 17.32.030 is amended as follows:

A. By amending the schedule entitled, **"IG DISTRICT: DEVELOPMENT STANDARDS"** as shown in Exhibit 5, attached hereto and incorporated by this reference.

B. By amending the schedule entitled, **"IG DISTRICT: ADDITIONAL DEVELOPMENT STANDARDS"** by adding the following:

"(P) The creation of a flag-lot shall not be allowed."

**SECTION 10.** Section 17.33.070 is amended as follows:

A. By amending the schedule entitled, **"CD District Development Standards"** as shown in Exhibit 6, attached hereto and incorporated by this reference.

B. By amending the schedule entitled **"CD District Additional Development Standards"** by adding the following:

"(V) The creation of a flag-lot shall not be allowed."

**SECTION 11.** Section 17.36.040 entitled **"Development standards"** is amended by adding a new paragraph, immediately after the existing paragraph, that reads as follows:

"The creation of a flag-lot shall not be permitted."

**SECTION 12.** Section 17.40.040 entitled, **"Development Standards"** is amended by adding a new subsection "E" to read as follows:

"E. The creation of a flag-lot shall not be permitted."

**SECTION 13.** Section 17.46.060 of said code entitled, **"Development Standards"** is amended as shown in Exhibit 7, attached hereto and incorporated by this reference.

**SECTION 14.** Section 17.47.080 is amended as follows:

A. By amending the schedule entitled, **"East Pasadena Specific Plan District Development Standards"** as shown in Exhibit 8, attached hereto and incorporated by this reference.

B. By amending the schedule entitled, **"East Pasadena Specific Plan District Additional Development Standards"** by adding the following:

"EE. The creation of a flag-lot shall not be permitted."

**SECTION 15.** Section 17.48.050 of said code entitled, **"Hillside subdivision"** is amended by adding a new subsection "D" to read as follows:

"D. Flag-Lots. Subdivisions where a flag-lot is proposed by tentative map or parcel map, or where an addition is proposed to a residence on a flag lot, or where the development of a new residence is proposed on a flag-lot, compliance with the 'Flag-Lot Regulations' contained in Chapter 17.64. shall be required."

**SECTION 16.** Chapter 17.64 of said code entitled, "**Site Regulations**" is amended by adding a new section "17.64.370 Flag-Lot Regulations" to read as follows:

**"17.64.370 Flag-Lot Regulations**

The following regulations are applicable to Subdivisions where a flag-lot is proposed, or where development of an addition or new residence on a flag-lot is proposed:

A. General Provisions.

1. Flag-lots shall only be permitted on single-family (RS) zoned property of the Hillside Development Overlay District (HD). Flag-lots shall not be allowed in any other zones of the City, including the HD-1 Overlay District.

2. Flag-lots shall be permitted only if there is no reasonable alternative due to extreme topographic conditions or other physical conditions, as determined by the subdivision committee. In considering new flag lots, a traditional subdivision would first have to be possible; however, only when extreme physical constraints and circumstances are inherent would a flag-lot subdivision be permitted.

3. A Parcel Map or Tract Map shall only create flag lots. A Lot Line Adjustment cannot be used to create a flag lot.

4. A geotechnical report shall be submitted for review and approval by the Building and Safety Division attesting to the stability of the site, prior to subdivision committee review.

5. Flag lots shall require approval of a conditional use permit, approved by the Subdivision Committee.

6. All other lots resulting from a flag lot subdivision shall comply with the minimum standards of Title 17.

7. Compliance with all other requirements from other City Departments or Divisions shall be required, including the Public Works and Transportation Department, Fire Department, and the Building Division.

B. Flag-Lot Standards. The applicable design standards for the creation of a flag-lot shall be as follows:

1. Pole configuration and street frontage shall be as follows:

a. Flag-lots shall maintain a "pole" that functions primarily as an access way from the street to the main body ("flag" portion) of the lot. Private access easements shall not be allowed.

b. A minimum twenty (20) feet, and a maximum twenty-five (25) feet of frontage and width shall be maintained throughout the length of the pole.

c. A minimum 12-foot wide paved driveway shall be maintained throughout the entire length of the pole.

d. The pole portion shall be deemed to end, and the flag portion of said lot shall be deemed to commence, at the extension of the front property line.

2. Front property line shall be as follows:

a. The front property line shall be that property line which most nearly parallels the public or private street of access and which abuts the pole, not including the pole.

b. If the pole is not at a 90-degree angle to the front property line, the front property line shall be calculated as if the front property line continued by drawing an imaginary line to the pole (see diagram A).

3. Side and rear property line shall be as follows:

a. The rear property line shall be that property line opposite the front property line.

b. The side property line shall be any property line that does not abut a public or private right-of-way and which is not a front or rear property line, exclusive of the pole portion of the property.

4. Lot depth shall be as follows:

a. Lot depth shall be measured at the mid-points of the front property line (as defined above) and rear property line of the main body ("flag" portion) of the lot.

b. For purposes of measuring the lot depth of a flag lot, the calculation shall not include the pole of the flag lot.

5. Lot width shall be as follows:

a. The width of the main body ("flag" portion) of the lot shall comply with the minimum standards of the appropriate residential base zoning district.

b. Lot width shall be measured by a line connecting two points on opposite side yard property lines, that will result in a line parallel to the front property line (as defined above).

c. For purposes of measuring the lot width of a flag lot, the calculation shall not include the pole of the flag lot.

6. Minimum lot area for a flag lot shall be as follows:

a. For purposes of measuring the lot area, only the main body ("flag" portion) shall be considered.

b. The main body ("flag" portion) of a flag lot shall maintain a minimum area and dimensions that comply with the minimum standards for the appropriate residential base zoning district.

c. The main body ("flag" portion) of a flag lot shall not include the pole ("stem") portion, or any other portion of the lot where the lot width is less than the minimum requirement for the appropriate residential base zoning district. Where the pole is not at a 90-degree angle to the front property line that abuts the pole, the front property line shall be calculated as if the front property line continued by drawing an imaginary line, which will also illustrate the boundary of the main body of the lot (see diagram A).

7. Total number of lots in a flag lot subdivision shall be based upon the following:

a. Where the average slope of a site is 15 percent or less, the total maximum allowable number of lots shall be determined by the residential base zoning district.

b. Where the average slope of a site exceeds 15 percent, the total maximum allowable number of lots shall be determined pursuant to Section 17.48.050(B) of the Zoning Code.

c. Where the average slope of a site exceeds 50 percent, the total maximum allowable number of lots shall be determined pursuant to Section 17.48.050(C) of the Zoning Code.

C. Multiple Flag-Lots. Where a subdivision proposes more than one flag lot, the following standards shall apply:

1. Not more than two flag lot poles may be contiguous to each other. The poles of two flag lots that are contiguous shall have a maximum width of 40 feet.

2. No wall, fence, hedge or other obstruction, as determined by the Fire Department, shall be constructed or planted within the width of the pole area of the flag lots.

3. Private access easements shall not be allowed.

4. Where a total of three or more lots are created, and two are flag lots with poles that are contiguous to each other, the driveway to the non-flag lot(s) shall be separated from the contiguous poles by a minimum 5-foot wide landscaped planter.

D. Development Standards for Flag-Lots. Where an addition to a residence on a flag lot is proposed, or where a new residence is proposed on a flag-lot, the following standards shall apply:

1. Construction and development of a single-family residence and related accessory structures on a flag lot shall only occur in the main body ("flag" portion) of the lot (as defined above).

2. The maximum gross floor area ratio shall be based upon the area of the main body ("flag" portion) of the lot (as defined above).

3. Buildings located on flag lots shall be oriented to provide the maximum privacy to surrounding existing and future residential structures. To protect the privacy of yard areas on neighboring properties, large windows and decks on the second floor of a residence on a flag lot shall orient to on-site yard areas, not to surrounding properties. Other methods may include, but shall not be limited to, using translucent material in (upper floor) windows, eliminating windows, reducing and/or relocating balconies or eliminating balconies.

4. All other development standards and requirements of Title 17, including hillside development standards and the appropriate residential base zoning district shall apply to the development of the property.

5. The property address of the flag lot shall be placed in a conspicuous location within the pole of the lot that is easily visible from the street.

E. Conditional Use Permits for Flag-Lots. If an application for a tentative map or parcel map is proposed, special findings requirements are imposed as follows:

1. Findings. In addition to the regular conditional use permit findings of Subsection 17.88.020.C, the following additional

findings must be made by the Subdivision Committee prior to approval of a conditional use permit to allow a flag lot in a subdivision:

a. The proposed flag lot subdivision is the only reasonable subdivision design due to extreme topographic conditions, or other physical and natural constraints of the subject property, such as protected trees, natural drainage course or streams; and,

b. The design of the proposed flag lot subdivision complies with the Flag Lot Design Standards; and,

c. The lots created from the proposed flag lot subdivision do not adversely impact the established neighborhood character nor deviate from the established neighborhood character, which shall consider the scale of the existing lot sizes and lot configurations in the surrounding area. For purposes of this finding, the surrounding area shall mean all properties within a 1,000-foot radius of the subject property's boundary (before subdivision)."

- (A) Minimum Lot Area.  
In calculating densities, fractional numbers of units shall be rounded down.
- (B) See Chapter 17.64, Development on substandard lots, certificates of compliance and notices of violation.
- (C) See Chapter 17.64, Development on lots divided by district boundaries.
- (D) See Chapter 17.70, Density bonus provisions for affordable housing.
- (E) Building projections may encroach into a yard or encroachment plane as follows:
  1. Fireplaces or chimneys may project up to 2 feet into a yard or encroachment plane for a length of 10 feet measured parallel to the building.
  2. Uncovered steps, landings or patios not more than 3 feet in height measured from finished grade may project up to 3 feet into a required yard for a length of 10 feet measured parallel to the building.
  3. Eaves may project up to 3 feet into a required yard or encroachment plane.
  4. Bays may project up to 2 feet in a required front or rear yard for a linear distance not to exceed 10 feet for any one bay, nor a total of 15 feet for all bays into each yard.
  5. A freestanding trellis up to 12 feet in height that is at least 50 percent open on top and on all sides, may be located in a front or corner yard provided it does not occupy more than 5 percent of the yard in which it is located (see Appendix A, **TRELLIS AND PORCH ENCROACHMENTS IN FRONT YARDS IN RS AND RM-12 DISTRICTS**). In addition, the requirements of Chapter 12.12 of the Pasadena Municipal Code relating to the obstruction of views at street intersections shall apply.
