

# Agenda Report

August 15, 2005

TO: City Council via Economic Development and Technology Committee

FROM: Rose Bowl Operating Company

SUBJECT: Approval of short-term financing for capital improvements at the Rose Bowl Stadium and amendment to the Capital Improvement Program Budget.

## RECOMMENDATION:

It is recommended that the City Council:

1. authorize the execution of a Promissory Note between the City of Pasadena and the Rose Bowl Operating Company in an amount not to exceed \$1 million under the terms and conditions specified in the attached Promissory Note; and
2. amend the FY 2006 CIP to reflect the \$1 million short term financing as the funding source for the Rose Bowl Locker Room Renovation Project – Construction Document Phase.
3. approve a Resolution of the City Council declaring its intention to reimburse itself from the proceeds of one or more tax-exempt financings for certain expenditures made and/or to be made in connection with the acquisition, construction and equipping of certain capital improvements.

## BACKGROUND:

Pursuant to the recent agreement with UCLA for the staging of home football games, the RBOC is required to undertake a number of capital improvements at the Rose Bowl Stadium. These improvements are currently in the construction document development phase. Specifically, the design phase of the Rose Bowl Stadium Locker Room and Media Center Improvements, approved in FY 2004, is currently underway and pending the outcome of negotiations with the NFL, the construction document phase of the project is contemplated to begin in the first quarter of FY 2006.

The proposed \$1,000,000 in short-term financing would allow the RBOC to proceed with this work a will be repaid on an interest only basis from the RBOC operational fund. When final determination on the Locker Room Renovation Project is made, the loan will

either be repaid through the bond issue if the project moves forward, or converted into a fully amortized loan if the project is not approved. That loss amount will be repaid through RBOC operational funding and will become part of the annual budget.

The overall Construction Document Phase budget is as follows:

In House Staff	\$ 50,000
Engineering	\$ 154,000
Other Consultants	\$ 58,000
Reproduction/Plan Check/Permits	<u>\$ 375,000</u>
Total	\$ 637,000

The construction document scope of work involves the completion of the design drawings and technical specifications for the purpose of bidding, permit acquisition, and eventual construction of the project.

**FISCAL IMPACT:**

The \$1 million loan will be repaid from future bond proceeds. The interest on the \$1 million will be tied to the earnings on the City's pooled portfolio plus 25 basis points.
