

Agenda Report

DATE:

OCTOBER 10, 2005

TO:

CITY COUNCIL

THROUGH: FINANCE COMMITTEE

FROM:

CITY MANAGER

SUBJECT:

APPROVAL OF JOURNAL VOUCHER APPROPRIATING \$652,400 TO THE OLD PASADENA PARKING STRUCTURE FUND ACCOUNT 8503-407-774500 FOR THE PURCHASE OF PARKING REVENUE EQUIPMENT AND \$21,000 TO ACCOUNT

8677-407-774500 TO COVER THE FIRST YEAR'S DEBT

SERVICE ON THE 2005 CAPITAL LEASE FINANCING WHICH WAS USED TO PAY FOR THE EQUIPMENT AND REDUCING ACCOUNT 8114-407-774500 BY \$135,948 DUE TO LOWER

OPERATING COSTS

RECOMMENDATION

It is recommended that the City Council:

- 1. Approve a Journal Voucher appropriating \$652,400 to account number 8503-407-774500, within the Old Pasadena Parking Structure Fund. These funds will be used to acquire new equipment and software to track the revenues and parking activities at the Old Pasadena parking structures. The funding will come from a portion of the 2005 Equipment Lease Financing.
- 2. Approve a Journal Voucher appropriating \$21,000 to account number 8677-407-774500, within the Old Pasadena Parking Structure Fund. These funds will be used to cover the debt service on the 2005 Capital Lease Financing which was used to pay for the equipment.
- 3. Approve a Journal Voucher reducing the fiscal year 2006 appropriation to account 8114-407-774500 by \$135,948, within the Old Pasadena Parking Structure Fund to reflect the lower cost of operating the garages due to the results of the selection of a new operator.

| MEETING OF | 10/10/2005 |
|------------|------------|
| | |

BACKGROUND

In fiscal year 2002, the City received a proposal from the Old Pasadena Management District (OPMD) to take over the management of the three City garages in Old Pasadena, with the intent of operating the garages at a lower cost. As a result, the City entered into a management agreement with the OPMD. In February 2004, the OPMD assumed full management responsibilities for the garages. Fiscal year 2005 represented the first full year of operations under the OPMD.

During the preparation of the fiscal year 2006 budget, OPMD indicated its intent to purchase parking equipment and update the parking management software in order to improve the operations of the garages and keep operating costs low. It was agreed at the time to wait until after fiscal year 2005 financial results were known before making any recommendation to spend nearly \$650,000. In addition, OPMD was issuing a request for proposal for an operator of the garages and was refining its cost estimates relating to the proposed capital expenditures.

The results from fiscal year 2005 are in and it is believed based upon OPMD's revenue and expense projections for fiscal year 2006 through 2010, that the Old Pasadena Parking Structure Fund should be able to support this purchase. The City would use a portion of the 2005 Equipment Lease funds to cover the expenditure and revenues from the Parking Structure Fund would be used to repay the debt.

Three financial documents are attached for the City Council's review.

Attachment 1 represents an eight year historical presentation of both income statements and balance sheets for the Old Pasadena Parking Structure Fund. This demonstrates the historical financial performance of the garages.

Attachment 2 represents a comparison of the fiscal year 2006 budget adopted by the City Council to the proposed amended fiscal year 2006 budget.

Attachment 3 is a five-year fund sheet that projects revenues and expenditures on a cash basis versus an accrual basis. The fiscal year 2006 projected column reflects the projected expenditures based upon the recommended budget amendments. The projected revenues and expenditures that are governed under the OPMD management agreement are based solely upon information provided to the City by the OPMD staff. These include most operating expenses and all monthly and transient garage revenues.

Attachment 4 is a letter from the OPMD requesting that the City approve the recommended budget amendment for fiscal year 2006. Representatives from the OPMD will be available at both the Finance Committee and City Council meetings to discuss its request.

FISCAL IMPACT

The impact of this proposed action will be a net increase to the Old Pasadena Parking Structure Fund budget in the amount of by \$537,452. By using a portion of the proceeds from the 2005 Equipment Lease Financing, funding will be available within the Old Pasadena Parking Structure Fund to cover the additional cost.

Respectfully Submitted

Cynthia J. Kurtz City Manager

(1) Commencing with management of the garages by OPMD in February 2004, mash compactor fees and costs will be billed and collected by them, and will offset one another. Update, Morlin Management was retained at \$3,000 per month to do these duties, thus, the only revenue to be recouped should be the \$802 per month that is paid by OPMD for daily janitorial costs for the compactor.
(2) FY 2005 budget includes carry forward of \$15,000 for security services from FY 2004.

(3) FY 2005 estimated includes \$168,249 for April & May 2004, (not paid in FYO4) and \$6,742 for June, which was the difference between the estimated bill (paid in FYO4) and the actual expenses.

(4) FY 2005 estimated includes \$28,993 for April & May 2004 (not paid in FYO4) and \$691 for June, which was the difference between the estimated bill (paid in FYO4) and the actual expenses.

(5) FY 2005 setimated includes \$739.40 paid by the City to Morlin Management for trash compactor fees for the structures.

(6) FY 2005 includes \$739.40 paid by the City to Morlin Management for trash compactor fees for the structures.

(7) FY 2005 includes \$28,263 for system conversion, and monthly maintenance cost of \$1,875 by Setty Control Systems.

(7) FY 2004 Vear-end Capital Project Balances as of 6/30/04 totaled \$339,455 as follows: 1) CIP 71714 - \$5,047; 2) CIP 71664 - \$154,888; and 3) CIP 71722 - \$179,520. It is anticipated all 3 projects will be closed in July 2005 after work is completed in FY 2005.

(8) Includes \$17,500 appropriation for repair of driveway approaches at Delaccy and Schoolbouse, \$35,000 for Pay on Foot @ Marriott, \$25,000 for elevator improvements @ Delaccy, and \$16,000 for improved signage in

the garages. ව

233

CIF Expresses for painting (\$21,790), signs (\$19,945.60), and driveway repairs (\$8,222) to be moved here from 8114 where they were expensed.

This line item added to track repair and maintenance items.

For FY 2006, \$3,000 was added here to allow for City crews to maintain the emergency generator in the Schoolhouse Garage.

Payback to the General Fund reduced back down to \$350,000 for FY 2005 and 2006 per City Council action on 2/28/05 with the goal of increasing back up to \$500,000 in FY 2007 and each year thereafter if the fund can sustain it.

Date: 10/3/2005

Re: Parking Garage Fund Budget Amendment Request

The Old Pasadena Management District Board of Directors is respectfully requesting a favorable amendment to the FY 2006 Parking Garage Fund Budget of \$135,948 to reduce the operating budget for expenses.

We are also requesting approval of a new CIP budget for these three garages totaling \$652,400, which will be financed at an expense of \$21,000 in the recommended 2006 budget, and at a subsequent four-year annual financing cost of \$128,000. This financing cost is now included in the debt for the garages, and is included in the cash flow analysis.

As you can see from the City's five year Old Pasadena Garage Fund cash flow forecast, this investment, coupled with our operating savings and current trends, will allow the fund to cash flow on a going-forward basis. This budget amendment request is necessary for the following reasons:

- To recognize cost savings achieved through competitive bid and subsequent contract changes with our parking operator, without reducing service or staffing; and
- To provide the needed CIP budget and necessary spending authority for the financing of needed capital improvements replace aging equipment and to improve operations and revenue controls with new technology, and
- 3. To recognize operating costs for 24-hour cashier and security staffing, in order to improve service and cash management for the three city garages.

We believe the current garage operating costs, combined with revenue trends, will provide the needed cash flow to support financing for the recommended capital items as outlined in the attached summary. We appreciate your consideration for this budget amendment to allow us to move forward in planning and providing the continued management of the City's garages in our district. Thank you.
