Dear Ms. Jacobs,

I regret to inform you that I am resigning from the Human Services Commission. I have very much enjoyed participating in the operation of Pasadena's human services in such a meaningful and rewarding way. I would certainly continue with this work if it were possible. However, I have recently married and have moved out of the city. I am now near San Francisco and obviously unable to continue to serve in my capacity as a Commissioner.

Please inform me of what procedural steps I need to take in order to be official removed from the commission. Thank you in advance for your assistance.

Sincerely,

District 5

Cristine Soto DeBerry
