Subject: WWA Historic Designation

Hello Emily,
as a follow-up on our conversation, I am requesting that the date for the City Council to re-hear the WWA application for historic designation be moved to June 9. This will allow us to have the owner information meeting Council directed us to have (now scheduled for April 8) and time for follow-up information and questions to be answered.

Please contact me if you have any questions or need more information.

Thank you.
