Subject: **Historic Nomination for Innabi Building**

Mr. Jomsky,

Please forward this letter to the City Councilmembers, the City Manager and the Planning Director for the City Council Meeting Monday, December 8th, which I cannot attend in person. Thank you.

Dear Members of the Pasadena City Council,

I wish to state my support for the nomination of the Innabi Building as a Historic landmark. This Beaux Arts Style building is important to the character of our neighborhood, and just simply beautiful. There are no other buildings quite like it in Northwest. It is an asset to the revitalization of this Northwest neighborhood which area residents are working diligently to improve.

Thank you for your consideration of this important matter.

Sincerely,
Cybele Garcia Kohel

Subject: OPPOSED: Designation of 1347 North Lake Avenue as a Landmark, December 8, 2008

Greetings,

I am a resident of the Normandie Heights neighborhood. I think it's important to inform you that there are dissenting opinions in this matter. I do not support the designation of this building as a landmark. While designation of important buildings as landmarks is important, I feel that we should consider carefully how we use this tool. If we continue to use this for every aged building there will be no room for progress. Since this building seems to be in no danger of demolition or remodel I feel this is an overkill. There seem to be a few in our community who would like to preserve every last iota of the past in the name of history. And there are certainly are cases where I agree. I strongly supported the preservation of the house owned by the church on the corner of Washington and Los Robles. I feel that is a case where the building had definitive historical value to the community trying to save it that outweighed the modernization that was proposed. I ask that you take this into consideration when placing any landmark designation to a building. What may be put in it's place may one day be better for the community than preserving every aged structure.

Thank you.

Allison Hurd.

Subject: Designation of 1347 North Lake Avenue as a Landmark:Agenda Item 6A, December 8

Dear Mayor Bogaard and City Council Members:

We wish to add our support to the Designation of the Innabi Building as a Landmark. As the most notable commercial building on North Lake that building deserves the protection and recognition that Landmark Designation signifies. It is important to the Lake Washington Business District and the surrounding neighborhoods that the City approve this designation.

Thanks for your support.
