February 12, 2008

Dear Mayor Bogaard,

It is with regret that I am writing to tender my resignation from the City's Transportation Advisory Commission (TAC) with effect from March 1, 2008. It is apparent that, since I took up my current employment as General Manager of Iteris Inc.'s Transportation Systems division, there is the potential for the appearance of a conflict of interest.

I have very much enjoyed working on the TAC and with the City staff over the last five years. Moreover, I truly appreciate your personal support and the confidence you showed in offering me a second term on the Commission. I am proud that during my period of service, TAC and the City staff have been able to work together to put into practice many of the mobility initiatives that you have espoused and that I feel that have been able to contribute to making Pasadena this great City in which to live, work and play.

I should like to take this opportunity to confirm that I would be most willing to serve the City in some other capacity for which you would consider me suitable.

Thank you for providing me with such a rewarding opportunity to contribute to our community.

Sincerely,

Alan Clelland
