Subject: WWA Historic Designation

Hello Emily,
as a follow-up on my note last week, I am requesting that the date for the City Council to re-hear the WWA application for historic designation be moved to no earlier than late March. This should provide time for a new Board to be in place at WWA and the owner information meetings to be scheduled as City Council directed.

Please contact me if you have any questions or need more information.

Thank you.
Marion White, Applicant
