

Marcia Secord
80 Annandale Road
Pasadena, 91105

EXPERIENCE:

My career with Southern California Gas Company spanned over 30 years. During this time a variety of positions gave me broad experience working not only with Gas Company field personnel and all levels of management, but community groups as well.

For four years I served as district manager for the West San Gabriel Valley (Pasadena, Altadena, Arcadia, Sierra Madre, Alhambra, San Gabriel, San Marino). The final eight years of my career I was district manager for Ventura County. The district manager position served as liaison between the Gas Company and cities/city councils, the Board of Supervisors (Ventura County), state legislators, news media and community groups.

While district manager I served on several boards of directors both in Pasadena and in Ventura County. During my tenure I presented programs on Earthquake Preparedness for community groups and was an active participant in recovery from the Northridge quake (The Northern Region headquarters was in Chatsworth).

After retirement I participated in Leadership Pasadena where I learned about the PERT program. In subsequent years for Leadership Pasadena, I put together the Quality of Life session which included both the Pasadena Fire and Police Departments.

Lisa Derderian has been very helpful as I work on the emergency plan for our 60 homes on Annandale. Several of us have been through the whole PERT program and we are currently finalizing the plan for the street.

INTEREST IN PASADENA'S DISASTER EMERGENCY SERVICES COUNCIL

Being part of this group interests me because of my current project, organizing our neighborhood, as well of my past experience with the Gas Company that highlighted for me the need for families to have a practiced plan. It seems to me an excellent opportunity for community involvement.

FAMILY:

Paul and I have lived in Pasadena for 30 years. Both of us have been, and continue to be, active in the community both as volunteers and serving on boards and commissions (Paul - Parks and Rec.)
