RE: City of Pasadena PWAC/D&C Increase

'08 JUN 16 P2:46

June 16, 2008

CITY CLERK  
CITY OF PASADENA

Please accept this letter as my written protest to the proposed water bill increases. A raise from \$0.13 per billing unit to \$0.37 per billing unit represents an increase of almost 300% per billing unit. This is unacceptable under any circumstances, especially to those of us on fixed incomes.

May I suggest a more vigorous approach to getting citizens to conserve water?

Thank you,

Mr. Son

Pasadena Public Hearing  
City of Pasadena PWAC/D+C Increase

Attn: Clarence

I'm sending 6 protests votes).

I think this vote is unfair because every parcel in Pasadena should have been notified by mail instead of the notice being sent to just the person that pays the bill. For example: the management company that pays the bill for 40 parcels in a complex.

Re: Notice of Public hearing for Pasadena Water& Power Rate Increase

Dear City Council:

I am the owner of Parcel Unit #3 for Parcel 57470100050. This is a letter of protest to the proposed water rate adjustments.

This year has been devastating to Pasadena homeowners. Our property values have plummeted and our costs for basic necessities like food and fuel have increased dramatically. As homeowners we are certainly challenged to make ends meet even though we have seen significant slippage in our quality of life. This is not the time to increase the financial burden of homeowners.

Sincerely,

Donald and Pat Bundy
