RE: Notice of Recreation and Parks Commission Resignation

Dear Councilmember Robinson,

I have reached a point in my life that I can truly begin to reflect on the journey this life has been, many, many happy times, many rewarding times, and some moments of regret. This is one such moment of regret. It is with great regret that i am submitting to you (effective immediately) my resignation from the Recreation land Parks Commission. Unfortunately, at this time, changes in my personal family obligations have made this decision necessary. I want to thank all of the commissioners I have served with over these past seven years. I learned a lot and hopefully shared a bit too. I am most appreciative of a great Recreation and Parks Division. Martin Pastucha and his staff provided exceptional service. We could not have accomplished our tasks without them. Finally, Jacque, thank you, for supporting me during this last year. I needed to complete this final task.

Serving on the Commission has been an honor and I value the memory of knowing I was a part of changes and improvements which hopefully will have a positive impact on the community that will last for years to come. I will miss serving on this Commission and working to serve the community of Pasadena.

Thank you for your understanding,
Most Sincerely,

Dr. Gregor Edwards
