Subject: Agenda Item - Red Flag Conditions

Mayor Bogaard and Members of the City Council:

Both my wife and I would like to take this opportunity to thank the members of the Public Safety Committee and staff for all of their hard work as well as for taking the bold step in bringing forward the important Red Flag Parking recommendation.

As long term residents of the west side Urban-Wildland Interface we have looked forward to the time when this would come before you, hopefully, for approval and implementation. We understand that a parking restriction program such as this isn't always going to be well received in the impacted neighborhoods, but we also believe that there should be no overriding consideration to public safety as well as the safety of public safety employees.

We are hopeful that each of you is supportive of implementing the proposed parking restriction and vote to approve the staff recommendation.

Thank you in advance.

George Wilson
