DEPARTMENT SUMMARY City Clerk

Mission Statement

To ensure the City's elections and legislative processes are open and public by providing a link between citizens and government through the dissemination of information; and to ensure the preservation and integrity of official records that are stored and maintained for legal and business purposes.

Program Description

The City Clerk Department is responsible for the preparation and distribution of City Council agendas; maintains accurate records and legislative history of City Council actions; provides safe keeping and storage of the City's official records and archives; provides records retrieval and legislative research for City departments and the public; performs centralized processing of all legal notices; maintains filings of campaigns and statements of economic interests; administers local elections; oversees the City's centralized Records Management Program and the City's optical imaging system; and provides mail services to City departments.

Departmental Relationship to City Council Goals:

Create a More Effective, Cost Efficient Government

The City Clerk Department, in support of the Council's goal of "creating a more effective, cost-efficient government," will continue to convert documents/records into the Citywide imaging system. This provides for faster and more efficient ways to retrieve and research information in an electronic format. Weekly Council meeting agendas, accompanying agenda reports and recaps of Council meeting actions are provided on the Internet giving greater accessibility for the public, media, and City departments. The Department will continue to concentrate on streamlining the efficiency of the imaging system by providing support and maintenance services to its customer departments.

Major Accomplishments

During Fiscal Year 2009, the Official Records Division provided staff support for City Council meetings and four Council standing committees; recruited and filled vacant positions for the Sr. Assistant City Clerk and Assistant City Clerk positions; administered a consolidated City and Pasadena Unified School District (PUSD) Primary Nominating Election, on March 10, 2009, and a City General (run-off) Municipal Election on April 21, 2009 for City Council District 7; scanned and posted on the City Clerk's website campaign disclosure statement information for candidates for consolidated City and PUSD elections dating back to 2005; prior to destruction, audited for quality control City Clerk subject files converted to electronic format; provided oversight for the technology in the Council Chambers including organizing an audio component upgrade and implementing revised procedures to increase the efficiency of staff presentations during Council meetings; in collaboration with the City Manager's Office, developed an automated agenda system solution, which will implement a "green" process by eliminating the need for paper copies during the preparation period of the agenda; and provided legislative research services to City departments and the public. Additionally, Official Records staff has continued to cross train on the duties of the vacant Executive Secretary position, which is part of the City Clerk's Office managed savings plan.

During Fiscal Year 2009, the Records Management Division converted and imported 5000 Workers Compensation files and 250 Tax Assessors Books, while continuing to import more than 6,000 building permits, URM files, and Occupancy Inspections into the Citywide Imaging System (Questys). These conversions have resulted in a reduction of the Records Center holdings by 527 cartons. Records Management staff will continue with the conversion project to convert eligible records from paper format to digital format. Three new departments have been added to the list of citywide imaging users including the Housing Department, Fire Department, and Human Resources, while also providing a minimum of one retrieval station in every Department throughout the organization.

The Records Center has continued to maintain support for the Questys imaging system, while at the same time expanding the scope and use of the program to include increased storage capacity, the addition of the Capture Process that automates the conversion of Planning and Development permits; and a new electronic agenda management and workflow project. Additionally, Records Management has been working with Mailroom Services to implement new efficiency measures by cross training mailroom staff to absorb some duties normally handled by a vacant Staff Assistant II position, which is part of the City Clerk's Office managed savings plan.

Changes from Prior Year

- Cost Changes: The decrease from FY 2009 Revised Operating Budget of \$911,944 is attributable to: \$604,903 in election year costs; \$276,300 related to the elimination of 2.50 FTEs; and a decrease of \$30,741 in internal service annual rate adjustments.
- FTE Changes: The Department eliminated 2.50 FTEs, one Staff Assistant II, one Executive Secretary and .50 Management Analyst IV.

Future Outlook

The City Clerk's Department will continue to pursue opportunities which will enhance the ability to provide accurate and timely information to the City Council, City Manager, all City departments and the general public.
