CEREMONIAL MATTERS

Earl Bradley, Tournament of Roses Student Ambassadors Program Committee Chair, described the Student Ambassadors Program and the various activities in which the students participate; thanked the student ambassadors and their parents who were present and represented the 44 students who participated in the 2008/2009 program; and acknowledged the work of Barbie Blake, Student Ambassadors Program Committee Vice Chair, who was also present.

**PUBLIC COMMENT ON
MATTERS NOT ON THE
AGENDA**

Marvin Schachter, Pasadena Affordable Housing Group (PAHG) and AARP California representative, discussed and submitted a copy of a letter dated February 19, 2009, from the California Department of Housing and Community Development, Division of Housing Policy Development to Richard Bruckner, Director of Planning and Development Department, regarding specific housing needs in the City as this relates to the update of the Housing Element.

Weston DeWalt, Pasadena resident, asked Council to review the audio recording of the PCOC meeting of May 28, 2008, and reconsider the Council action taken on January 26, 2009 in regards to the development of an amended artist selection process for the public artworks at the Pasadena Center; and submitted his written statement.

The following persons expressed concerns regarding the recent officer-involved shooting of Leroy Barnes, the need for an independent investigation, and/or the need for improved communication/information between the City and community regarding the incident:

- Ashley Phillips, YWCA representative
- Charles Nelson, Northwest Commissioner speaking as an individual
- Sondra Hauge, League of Women Voters Pasadena Area representative
- Dan Sharp, Northwest Commissioner speaking as an individual
- Martin Gordon, Pasadena resident

In response to Councilmember Robinson's and Tyler's questions, the City Manager confirmed that the Los Angeles County District Attorney is investigating the shooting, and the Federal Bureau of Investigation will also investigate the shooting, when the District Attorney's investigation is completed.

Councilmember Holden requested a closed session be agendized that would provide Council with the opportunity to be advised on the various investigations and steps that might be taken by the City.

The Mayor indicated that the requested closed session would be preliminarily scheduled for the next meeting.

Jack N. Levy, Pasadena resident, expressed concerns regarding the City's proposal to perform street sweeping during daytime hours.

Nancy Nelson, Pasadena resident, expressed concerns regarding released prisoners being housed in her downtown neighborhood and problems she has encountered in attempts to form a neighborhood association.

CONSENT CALENDAR

AUTHORIZE THE PURCHASE OF SIX DIAL-A-RIDE VEHICLES FROM BUSWEST

Recommendation of City Manager:

(1) Authorize the issuance of a purchase order contract to BusWest in the amount not to exceed \$350,769 for the purchase of replacement Dial-A-Ride vehicles. The proposed purchase is exempt from competitive bidding pursuant to City Charter Section 1002(H), contract with other government entities or their contractors.

(2) Find that the project is exempt from California Environmental Quality Act (CEQA) review pursuant to State CEQA Guidelines Section 15302 (Replacement of Existing Transit Facilities Involving Negligible or No Expansion of Capacity).

AUTHORIZATION TO ENTER INTO A PURCHASE ORDER CONTRACT WITH AIR CLEANING SYSTEMS FOR PURCHASE OF TWO PLYMOVENT SOURCE CAPTURE VEHICLE EXHAUST VENTILATION SYSTEMS FOR A TOTAL OF \$160,000

Recommendation of City Manager:

- (1) Authorize the issuance of a purchase order to Air Cleaning Systems in an amount not to exceed \$160,000 for the purchase of vehicle exhaust ventilation systems; and
- (2) Grant the proposed purchase order an exemption from competitive bidding pursuant to City Charter Section 1002(H), contracts with other governmental entities or their contractors for labor, material, supplies, or services.

AUTHORIZATION TO ISSUE A PURCHASE ORDER WITH MJK CONSTRUCTION, INC., TO PROVIDE LABOR AND MATERIALS FOR INSTALLATION, TESTING, AND CERTIFICATION OF A PHASE II ENHANCED VAPOR RECOVERY SYSTEM AT FOUR CITY-OWNED FUEL DISPENSING SITES

Recommendation of City Manager: Accept the bid dated February 20, 2009, submitted by MJK Construction, Inc., and authorize the Purchasing Administrator to issue a purchase order in an amount not to exceed \$238,416 for the installation, testing, and certification of a Phase II Enhanced Vapor Recovery System at four City-owned unleaded fuel dispensing sites.

APPROVAL OF AN AMENDMENT TO THE EMPLOYMENT CONTRACT WITH CITY ATTORNEY MICHELE BEAL BAGNERIS

Recommendation of Mayor: Approve the Amendment to Contract No. 17,080 (attachment to the agenda report), the Employment Agreement between the City of Pasadena and City Attorney Michele Beal Bagneris, effective September 29, 2008. (Contract No. 17,080-7)

PUBLIC HEARING SET

March 23, 2009, 7:30 p.m. - Pasadena Christian School Master Development Plan Amendment

Councilmember Tyler suggested that future agenda reports involving actions related to environmental issues, like the three purchase order Consent items above, include an "Environmental Impacts" section in the staff report that would discuss the environmental impacts of the proposed actions to be approved by Council.

In response to the Mayor's questions, the City Manager indicated that a report that defines the City's carbon footprint and the determined baseline for the City will be presented to Council for review when it is completed in the future, and that this information contains a matrix that could be used to quantify proposed actions and could be incorporated into agenda reports, as suggested by Councilmember Tyler.

It was moved by Councilmember Madison, seconded by Councilmember McAustin, to approve all items on the Consent Calendar. (Motion unanimously carried) (Absent: Councilmember Gordo)

INFORMATION ITEM

UPDATE BY CITY STAFF ON THE "PASADENA MARATHON PRESENTED BY KAISER PERMANENTE"
(Oral Report)

The Mayor introduced the agenda item.

Michelle Bernal, Management Analyst, provided details of the Marathon, scheduled to take place on March 22, 2009 (events, route and street closings, logistical issues, notifications to the public, and traffic and parking issues).

Israel Estrada, Pasadena Forward Executive Director (Marathon organizer), updated Council on registered participants in the Marathon, and impacts of the event on local hotels and other businesses providing services to the Marathon organizers and participants; indicated that the Marathon organizers are ready to start the planning process with the City for the 2010 Pasadena Marathon; and responded to questions.

Councilmember Tyler congratulated Mr. Estrada and Pasadena Forward for their efforts/perseverance in this endeavor, and suggested that Pasadena Forward consult with the Rose Bowl Operating Company about a cooperative undertaking that would incorporate into one major event the annual half marathon that the Rose Bowl holds with the full marathon organized by Pasadena Forward, which could be used to capitalize on features of the Rose Bowl and the City and provide a financial benefit to both organizations and the City.

On order of the Mayor, the information was received and filed.

**REPORTS AND COMMENTS
FROM COUNCIL
COMMITTEES**

**PUBLIC SAFETY
COMMITTEE**

**AMENDMENT TO DISTRIBUTION OF UNSOLICITED
WRITTEN MATERIAL ORDINANCE – PASADENA
MUNICIPAL CODE CHAPTER 9.44**

Recommendation of City Manager:

(1) Find the proposed ordinance to be categorically exempt from the California Environmental Quality Act (CEQA), pursuant to Public Resources Code Section 21080(b)(9) and State CEQA Guidelines Section 15306 (Information Collection).
(2) Direct the City Attorney to return within 60 days with an ordinance repealing the existing handbill ordinance (Distribution of Unsolicited Written Material Ordinances [Pasadena Municipal Code Chapter 9.44]), and a new ordinance which would:

(a) Prohibit the distribution of handbills on residential property (which includes apartments, condominiums, etc.) unless the handbills are properly secured, affixed, or weighted so that it will not be blown about or off the property or by delivering the handbill personally to the occupant thereon.

(b) Prohibit the distribution of handbills on residential property, if there is placed in a conspicuous location near the entrance, a legible sign of at least 16 square inches bearing the words “No Handbills”, or a similar notice that the resident wishes not to have their right of privacy disturbed or to receive any handbills, such as a “No Solicitors” sign, unless the distributor has the resident’s prior authorization to distribute (subject to exceptions which include public officials delivering public notices required by law and handbills which have been requested by the resident [e.g., newspaper subscriptions]).

(c) Prohibit any person from distributing handbills in or upon any automobile or other vehicle citywide.

(d) Permit the handing of any handbill to a person who is willing to accept the handbill.

(e) Establish a rebuttable presumption that the person whose message is on the unlawfully-distributed handbill has violated the ordinance.

Vice Mayor Haderlein, Chair of the Public Safety Committee, reviewed the agenda report; noted that the Committee had amended the staff recommendation to exclude No. 2(c): “Prohibit any person from distributing handbills in or upon any automobile or other vehicle citywide”, since a pending court case could affect the legal standing of this provision; and responded to questions.

Jon Pollard, Code Compliance Manager, responded to questions regarding various provisions of the proposed ordinance.

Richard Bruckner, Director of Planning and Development Department, clarified the proposed provisions involving code enforcement of the ordinance.

Councilmember McAustin, Public Safety Committee member, explained her reasons for objecting to the ordinance (impractical to enforce and not an appropriate use of code enforcement resources at this time).

Councilmember Holden agreed with Councilmember McAustin that the ordinance does not identify a significant need in the community, which would warrant straining enforcement code resources and the allocation of financial resources on this issue.

Nancy Nelson, Pasadena resident, spoke in opposition to the proposed ordinance, as this relates to a violation of the Constitutional right to free speech.

It was moved by Vice Mayor Haderlein, seconded by Councilmember Madison, to approve the City Manager's recommendation, as amended to exclude No. 2.(c): "Prohibit any person from distributing handbills in or upon any automobile or other vehicle citywide". (Motion carried with Councilmembers Holden, McAustin objecting) (Absent: Councilmember Gordo)

RECOMMENDATIONS FROM OFFICERS AND DEPARTMENTS

TEMPORARY SUSPENSION OF THE REMOVAL OF HEALTHY STREET TREES

Recommendation of City Manager: Direct the City Manager to temporarily suspend the removal of all healthy street trees, with the exception of certain cases as outlined in the body of the agenda report, for a period of four months from date of this action or until staff has completed a review of all streetscape and specific plans for consistency with the Master Street Tree Plan and City Environmental Plans, along with a review of the City policy for public tree removals and the role of the Urban Forestry Advisory Committee (UFAC) in this review and present a report on the findings and any recommendations to the City Council.

The Mayor introduced the agenda item and highlighted the information provided in the agenda report.

The following persons spoke in support of suspending the removal of all healthy street and public trees; expressed concerns/suggestions regarding replacement trees; and/or requested a review of all tree plans in light of the City's various environmental policies, with the plans to be modified, if necessary, and with public participation to be included in the review process:

Margaret Johnston Doherty, Pasadena resident
Allan Spring, Pasadena resident
Kathy Mahoney, Pasadena resident
Lori Paul, Pasadena resident
Susan Hartley, Santa Monica resident

Cosmo Bua, Santa Monica resident
Branislav Kecman, Pasadena resident
Susanna Dadd, Altadena resident
Bette Cooper, Pasadena Beautiful Foundation President
Nina Chomsky, Pasadena resident
Christle Balvin, Pasadena resident
Mark Windsor, Pasadena resident
Phoebe Wilson, Pasadena resident
Polly Wheaton, Pasadena resident
Chris Peck, Urban Forestry Advisory Committee (UFAC)
Chair
Miriam Nakamura-Quan, Pasadena resident
Ann Scheid, Pasadena resident
Emina Darakjy, Pasadena resident
Mary Barrie, LaCanada resident, submitted informational brochures.
Emily Stork, Pasadena resident, submitted an informational flyer from the Theodore Payne Foundation for Wild Flowers and Native Plants.

Councilmember Tyler distributed and reviewed a handout of his following proposed amendments to the City Manager's recommendation:

The Moratorium (suspension of healthy public tree removals):

- Excludes:
 - 1) dead trees
 - 2) trees posing an immediate public safety or public health hazard (emergencies) – City Manager authorizes
 - 3) trees posing a visibility hazard to traffic or traffic signage/signals, where pruning of such trees is not a feasible solution – UFAC to review in advance of removal.
- Moratorium to remain in effect until Phase I of the Master Street Tree Plan Review is completed and approved by the City Council.

The Review of the City's Master Street Tree Plan:

- Review of trees species for each street (segment) against the following criteria:
 - 1) enhancing the City's shade tree canopy, consistent with Pasadena's commitment to UN Urban Environmental Accords (shade canopies in the public right-of-way, CO₂ absorption, reducing storm-water run-off);
 - 2) designating drought-tolerant trees for new plantings, given the City's long-term challenges with water supply; and
 - 3) avoiding trees that may cause substantial sidewalk upheavals.
- The review will identify any existing sub-areas or streets, in addition to the Playhouse and Old Pasadena streetscape plans involving tree removals and new plantings, whether or not funded or implemented. Determine their consistency

- with the Master Street Tree Plan as it may be amended.
- The Review process to be done by staff, together with the Urban Forestry Advisory Committee, with assistance from independent consultants.
 - Phase I of the Review will be on the major streets (about 20-25) that have at least some commercial storefront/office activity, with particular attention to the City's three Business Districts, the entire length of Colorado Boulevard, and the entire length of Lake Avenue. This Phase to be completed and brought to the City Council for approval in 90 days.
 - Phase II to include the remainder of streets, which are mostly residential, to be considered at the time Phase I is completed.

Staff and UFAC to Review UFAC's Role in Advising City Council on Tree Protection, Tree Removals, and City-Wide Shade Canopy Enhancement.

The City Manager discussed a workable timeline for the proposed reviews, taking into consideration time needed for public input during the process; and difficulties with addressing proposed tree removals related to projects and contracts that are ready to start or will be started soon (e.g., Jackie Robinson Park and projects in the Arroyo); and responded to questions.

Martin Pastucha, Director of Public Works Department, discussed the impacts of a public tree removal moratorium on various planned and/or funded public works projects, noted that the 35 trees planned and approved for removal in the Playhouse District Streetscape Plan had been removed, clarified the distinction between a public tree vs. a street tree, and responded to questions.

The City Attorney responded to questions regarding land use moratoriums requiring an ordinance; and clarified that, in this matter, Council could approve the proposed moratorium as an administrative action by resolution.

Councilmember Holden asked staff to provide information on the projects that will be impacted by a moratorium and unintended consequences that might occur.

Councilmember Madison suggested staff study the process that led up to Council's action on the Playhouse District tree contract in terms of the issues subsequently raised by the public and Council: UFAC's role, input from the Environmental Advisory Commission (EAC), failure to recognize superseding policy goals, and the need for staff to inform Council on the level of advisory body review and consistency of staff's recommendations with approved City policies, to ensure that this type of situation does not happen again.

Councilmember McAustin stressed the need for staff to report on the number and location of pending public tree removals, and requested that the Master Street Tree Plan be evaluated for consistency with the purposes of the Tree Protection Ordinance. She discussed the need for agenda reports to provide a nexus between the decision/action being taken and the policy/program being promoted in moving forward with the action; and asked staff to report on the inclusion of a nexus as a part of the agenda report at some future time.

It was moved by Councilmember Tyler, seconded by Councilmember McAustin, to approve the City Manager's recommendation, as amended by the proposed amendments cited above, and with the Master Street Tree Plan to be evaluated for consistency with the purposes of the Tree Protection Ordinance.

In response to questions, Councilmember Tyler clarified that the review of UFAC's role would take place during the proposed 90-day time period for Phase I of the Master Street Tree Plan review. He also clarified that the replacement trees in the Playhouse District would be a part of the review during the moratorium, and confirmed that this review would delay the planting of trees in the Playhouse District for 9 months; and that the moratorium would apply to both public and street trees.

Discussion followed on a review of the various public and street tree plans (e.g., criteria to be used and timeframe for the review), the need to achieve consistency between the tree plans and the City's adopted policies, the impacts of the moratorium on replacement trees, the relationship between the moratorium and pending projects that include approved tree removals, and exclusions under the moratorium.

Councilmember Holden suggested the motion be viewed as a concept that lays out the parameters of a future policy; and that staff be directed to return to Council with recommendations on specific actions for implementation of the moratorium and the reviews that will be conducted during the moratorium, with the interim period of time to be used by staff to prepare a report on the pending projects involving public tree removals (e.g., Robinson Park), and to allow time for staff to provide additional information that may be integrated into the motion and for Council to reflect on the issues and possible unintended consequences of the motion.

Councilmember Tyler asked staff to provide a listing of the tree removals and projects with tree removals that have received approval when this matter returns to Council.

Discussion continued on guidelines/requirements for authorizing tree removals during the moratorium, the need to evaluate the pending approved tree removals as this relates to

the moratorium, the timeframe for the requested reviews, and the need to allow sufficient time for all stakeholders to participate in the review process.

Vice Mayor Haderlein expressed concerns regarding the difficulty associated with staff's ability to provide a comprehensive list of pending projects and trees removals, given the large number of public trees and projects, and the community's reaction if something is missed; and asked staff to recommend a mechanism for compiling the list. He also asked staff to devise a mechanism by which Council would call for review a proposed tree removal, with staff to analyze the impacts (unintended consequences) on projects moving forward by implementing such a mechanism.

The City Manager discussed the challenges of identifying the trees that have been approved for removal (those that have been removed and those that are yet to be removed); and offered an additional category of trees for exclusion under the moratorium: individual trees and small groups of trees previously recommended for removal and not yet removed and supported for removal by UFAC within the last 24 months. The City Manager also discussed a potential process that addresses the need for moving projects forward while at the same time respecting the protection of trees by incorporating an exception in which trees previously approved by UFAC for removal would require a noticing requirement in which the Council could call the proposed removal for review before the removal occurs.

In response to the Mayor's question, the City Manager confirmed that no public trees would be removed in the next two weeks, except for those trees that meet the 3 exclusions set out in Councilmember Tyler's amendments, with notification given to the City Council within 24 hours of the tree removal; and that a report on the requested reviews could be presented to Council in a timeframe of 120 days, with an update to Council on the review process at the end of 60 days, to allow for further Council direction, if needed.

The Mayor summarized Council's discussion as approving a concept that there would be a comprehensive suspension of any public tree removal for a very short period of time, to give staff 2 to 3 weeks to compile data and analyze current projects involving tree removals, in order to ascertain the moratorium's impacts on the ongoing operations of the City. At the end of this short time period, Council will confirm the broader recommended action that will take place over the following 60-120 days.

As a clarification, Councilmember Tyler stated his understanding that the City Manager was being directed to return to Council in 2 to 3 weeks with a report that incorporates

the staff recommendation/report, Councilmember Tyler's proposed amendments to the staff recommendation, and Council's concerns expressed above; to include a listing of projects involving tree removals and trees that are identified for removal.

By unanimous Council consensus, the direction stated by Councilmember Tyler was approved.

Councilmember Robinson was excused at 9:54 p.m.

AUTHORIZATION TO EXECUTE A CONTRACT WITH GENSLER FOR DEVELOPMENT AND IMPLEMENTATION OF A COMMUNITY ENGAGEMENT PROGRAM FOR THE UPDATE OF THE GENERAL PLAN LAND USE AND MOBILITY ELEMENTS

Recommendation of City Manager: Authorize the City Manager to execute a contract with Gensler in the amount of \$100,000, to provide consulting services for the first phase, through June 30, 2009, of community engagement to support the preparation of the General Plan Land Use and Mobility Elements Update. (Contract No. 19,866)

Richard Bruckner, Director of Planning and Development Department, introduced the agenda item.

Stephanie DeWolfe, Deputy Director, summarized the agenda report as part of a PowerPoint presentation, and responded to questions.

It was moved by Councilmember Holden, seconded by Councilmember McAustin, to approve the City Manager's recommendation. (Motion unanimously carried) (Absent: Councilmembers Gordo, Robinson)

APPOINTMENT OF SUSAN B. TULLY, MD, TO THE ACCESSIBILITY AND DISABILITY COMMISSION (At large/District 6 Nomination)

It was moved by Councilmember Madison, seconded by Vice Mayor Haderlein, to approve the above appointment. (Motion unanimously carried) (Absent: Councilmembers Gordo, Robinson)

Councilmember Robinson returned at 9:58 p.m.

ADOPTION OF CITY TICKET POLICY TO CONFORM TO CALIFORNIA CODE OF REGULATIONS, SECTION 18944.1, AS AMENDED BY THE FAIR POLITICAL PRACTICES COMMISSION

Recommendation of City Attorney: Adopt a Resolution of the City Council of the City of Pasadena Adopting a Ticket Policy for the Rose Bowl Stadium, the Rose Parade, Pasadena Convention Center, and Other Tickets Provided to the City for Entertainment Purposes (attached to the agenda report), applicable to tickets which provide admission to a facility or event for an entertainment, amusement, recreational, or similar

purpose, in order to conform to the provisions of California Code of Regulations, Section 18944.1, as amended by the Fair Political Practices Commission, effective February 8, 2009. (Resolution No. 8927)

The City Attorney reviewed the agenda report, clarified exemptions under the policy (e.g., ceremonial events), and responded to questions.

Councilmember Madison suggested that the policy be referred to the Economic Development and Technology Committee (EDTech) for their review for consistency in the application of the policy.

Vice Mayor Haderlein asked that EDTech provide a simple outline of the policy's rules/regulations.

Emily Stork, Recreation and Parks Commissioner speaking as an individual, asked questions about the necessary filing for Commissioners.

The City Attorney noted that training would be offered for those who must comply with the policy.

It was moved by Councilmember Madison, seconded by Councilmember Robinson, to approve the City Attorney's recommendation and refer the Ticket Policy to the Economic Development and Technology Committee for review. (Motion unanimously carried) (Absent: Councilmember Gordo)
