Subject: My resignation

Dear Patty:

Please accept my resignation from the Pasadena Senior Commission; sadly, family considerations require that I take this step.

My leave of absence from the Commission was for six months, but my husband and I will be needed here until at least the end of September; my sister, Audrey, has Alzheimer's disease, and her husband, Ted, was suffering from cancer – he died 26th May, and we assured him that we would stay in New Zealand until Aud is still able to recognize us and enjoy our company. She's comfortable and safe in a good care facility, but her family is scattered throughout New Zealand and we provide that little extra attention which appears to mean so much to her.

I'm notifying Councilman Steve Haderlein of my resignation so that he can appoint someone from the 4th District to fill my position.

Best wishes to my friends on the Commission – I intend to remain active in senior affairs in the city and county, so this really isn't a farewell note, just a resignation in accordance with our Bylaws.

Sincerely,
Doreen
