Langer Equestrian Group, *Equestrian Facility Planning*

Linscott, Law & Greenspan, *Traffic Engineers*

Willdan Associates, *Environmental Planning*

**ACKNOWLEDGEMENTS**

On behalf of the community, a sincere thanks must be extended to former Councilmember Joyce Streator, for her vision and hard work in making the Annex part of the Arroyo Seco again. Similar thanks is owed to former City Manager Cynthia Kurtz, for making the acquisition of the Annex a reality for the City of Pasadena. Special thanks goes to Timothy Brick, now chairman of the Metropolitan Water District Board, who at the time served as the City of Pasadena representative on the MWD Board and who worked so hard to keep the importance of purchasing this property at the forefront.

This planning process would not have been possible without the participation, assistance and patience from the current tenants, numerous stakeholders, interested members of the community and the charrette participants, who have all donated so generously of their time and knowledge. The City extends its sincere appreciation for all of your efforts in helping to bring this master plan addendum forward!
