

820 BURLEIGH DRIVE • PASADENA, CALIFORNIA 91105-2720

March 3, 2010

Ms. Jan Sanders,
Director of Information Services
Central Library
285 East Walnut Street
Pasadena, CA 91109

Dear Jan:

This letter is to officially let you know that my husband and I have sold our home and pending the close of escrow will be moving to northern California to be near our Granddaughter and expected twins. My last meeting with the Commission will be the one in April.

I am so sorry to leave without completing my term both as president of the Commission and as a Commissioner. It has been a real pleasure to serve and I so appreciate all the information and knowledge which you have shared with all of us. It has really opened my eyes as to the importance of libraries. I have always been a supporter of the library back to the first parcel tax. But, the information you have given us has deepened my understanding and appreciation of just what libraries do and contribute to the community.

It has also been a personal pleasure to get to know you and see the terrific job you are doing with our library. I wish you continue success especially in these very difficult times.

Thank you again for the opportunity to serve both the library and the City of Pasadena.

With all best wishes,

Augusta L. Parrington
