Subject: LHR Overlay

Hello and thanks for all the help on overlay

Question, is there any way we could be notification to neighbors when a permit to add a second story is requested. If we had this requirement the in the overlay, it would be perfect.

It doesnt have to be CPU, we only want notification.

Thanks

I urge you to require a CUP as part of the LHR Zoning overlay. I do not want one of my neighbors attempting to add a second story to their home without being able to provide input or review the plan.
