Dear Mayor Bogaard,

With your blessings, I write this letter to submit my resignation as a Library Commissioner for the City of Pasadena. It has been a privilege to serve the community and City of Pasadena alongside committed individuals such as Director Jan Sanders and my fellow library commissioners, and I could not have asked for better models from whom to learn about public service.

Because of new priorities and an increasingly challenging workload and travel schedule at work, I recently came to the reluctant conclusion that perhaps the post would be better served by another individual. I would like to convey to everyone with whom I have worked my gratitude as a proud Pasadenan and sincere wishes for continued fulfillment in all endeavors.

Thank you again for this wonderful opportunity, and I look forward to contributing again in some way in the future.

Faithfully yours,

Michael Chung
