

Fix the Nation's Broken Immigration System

NLC calls on the federal government to adopt a strong and consistent national immigration policy that balances national security needs with renewed efforts to grow the nation's workforce, stimulate economy recovery, and remain competitive in the 21st century global marketplace.

America's immigration system is failing our cities and our economic future. Local governments are caught in the middle of the national debate with no control over the regulation of immigration but with the responsibility for integrating immigrants into our communities and providing the services necessary for stable neighborhoods. Municipal leaders join with civic and business leaders to highlight the economic necessity of comprehensive immigration reform.

It is time for Congress to acknowledge the economic vitality that immigration brings to this nation and adopt a reform policy that supports secure borders and a path to citizenship for the millions of immigrants currently contributing to our local and national economies. Comprehensive reform will provide cities and towns with the support needed to integrate immigrants into their communities and allow them to make both cultural and economic contributions to the nation.

Immigration Reform Facts and Figures

- Passing the DREAM Act would add \$329 billion to the U.S. economy, create 1.4 million new jobs by 2030 and result in an additional \$5.6 billion in state and federal household income tax revenue (*Partnership for a New American Economy, Center for American Progress*)
- Immigrant business owners contribute more than \$775 billion dollars in revenue to our annual Gross Domestic Product and employ 1 out of every 10 American workers at privately-owned companies across the country. (*Partnership for a New American Economy*)
- Despite accounting for just 12.9 percent of the U.S. population, immigrants started 28 percent of all new U.S. businesses in 2011. (*Partnership for a New American Economy*)
- In the 25 largest metropolitan areas combined, foreign-born workers are responsible for 20 percent of economic output and make up 20 percent of the population. (*Keystone Research Center*)

Request for Congress and the Administration

- Immigration has been a source of innovation and economic growth throughout the nation's history.
- The debate in states across the nation and in the courts demonstrates the urgent need for comprehensive immigration reform at the federal level.
- Congress' failure to act is harming communities. It is imperative that Washington act now to pass comprehensive immigration reform.

Washington, DC 20510

RE: Reform of Federal Immigration Laws

Dear Senator Feinstein:

As Congress moves forward with reform of our immigration laws, I am writing on behalf of the League of California Cities (League) to urge your support for prompt action on this legislation in concert with the principles laid out below. Like the National League of Cities and many others across our nation, the board of directors of the League believes it should be an urgent priority of Congress to enact comprehensive immigration reform. Every day city officials and staff are affected by the current dysfunction in our immigration system, and the need for action is critical. The League of California Cities supports the following federal Immigration Reform Principles with the highest priority attached to No. 2, with a particular focus on the urgency of eliminating illegal entry at the borders.

1. **Prompt Action Needed.** Congress should move quickly to enact comprehensive reform of the current immigration laws with support of the Administration to implement the immigration laws effectively.
2. **Consistent Federal Enforcement Required.** The federal government should enforce its current immigration laws consistently and vigorously to eliminate illegal entry at the borders, visa overstays, working without proper documentation, and employing undocumented workers.
3. **Increased Enforcement of Visa Laws Required.** The federal government must increase enforcement of visa overstays through the full implementation and staffing of the US-VISIT and SEVIS programs.
4. **Do Not Mandate Local Enforcement of Federal Immigration Laws.** Local personnel, such as police officers, fire inspectors, educators, health personnel and social service personnel, should not be conscripted into federal service because the federal government has not adequately funded and staffed its immigration enforcement agencies; and the federal government must not transfer the responsibility of enforcing U.S. immigration laws to local personnel by making undocumented status in the U.S. a criminal offense.
5. **Increase Worksite Enforcement; Modernize Verification System.** The federal government must strengthen its worksite enforcement capacity and dramatically increase enforcement efforts at places of employment, as well as providing employers with a universal, reliable, effective, secure, non-discriminatory, and non-counterfeitable employee verification system, using the most up-to-date technology that will minimize fraud.

6. **Provide Efficient Process for Securing Visas and Legal Permanent Residency.** The federal government must increase its capacity and infrastructure to enforce the laws and provide efficient means for foreign nationals to obtain legal authorization for temporary visas or legal permanent residency.
7. **Improve Process for Temporary Workers, and to Become Legal Resident or Citizen.** The federal government must provide an appropriate, legal means of immigration, as is determined to be necessary and effective for the United States, for foreign nationals that want to work here temporarily, become legal permanent residents, or gain citizenship.
8. **Provide Path to Legal Status and Citizenship With Strict Conditions.** The federal government should establish a process whereby undocumented immigrants currently living in the United States may earn legalized status through payment of appropriate fees and back taxes, background checks, absence of criminal or gang activity, consistent work history, and meeting English and civics requirements; and that the immigrants who have earned such legal status should also be able to apply for citizenship through additional processes, as appropriate and practical, as long as they do not move ahead of applicants with proper documentation waiting to adjust their status or those waiting on lists in their home countries.
9. **Assist Local Governments Affected by New Immigrants.** The federal government should provide local governments with financial and technical assistance to alleviate the local impact of new immigrants, including the costs of providing social services, health care, education, language services, and civic integration.

Thank you for your attention to the concerns of California cities on this important matter. Please let me know if you have any questions or need any additional information. You can also contact the League's Washington advocate, Eve O'Toole, at (202) 419-2505. We look forward to continuing to work with you on California's important local priority issues.

Sincerely,

Chris McKenzie
Executive Director
