Pasadena, California 91101-1505

Re: John Muir High School Sports Field Improvement Project

Dear Ms. Nemer:

On behalf of the City of Pasadena, I wish to take this opportunity to request Los Angeles County Proposition A funding in the amount of \$500,000 for the John Muir High School Sports Field Improvement Project.

The City of Pasadena is proposing a multi-use sports field improvement project for the Muir High School campus as part of the Fiscal Year 2014 Capital Improvement Program. The approximate \$1.5 million collaborative project between the City and Pasadena Unified School District would improve the existing south field to provide the following enhancements and benefits to the community at large:

- Full-size soccer & softball field improvements;
- New sports lighting for evening use;
- New restroom building;
- Site furnishings – soccer goals, bleachers, benches, drinking fountains, trash receptacles; and
- Landscape improvements such as additional shade trees.

Muir High School would gain improved facilities for school sports programs and the City would gain full-size soccer and softball fields for evening and weekend community use. The attached design concept illustrates the proposed enhancements.

We appreciate your interest in this exciting community improvement project and thank you for consideration of our funding request. Should you have any questions or require additional information in furtherance of our request, please feel free to contact me by telephone at (626) 744-7274 or by electronic mail at sfoster@cityofpasadena.net.

Sincerely,

Siobhan Foster
Director of Public Works
