Subject: Support 100 WestWalnut Project

Mr. Jomsky, I will be unable to attend Monday, April 27 Pasadena City Council meeting. Please convey the following email to Honorable Mayor Bogaard and City Council Members expressing **my support of 100 West Walnut project.**

Honorable Mayor Bogaard and Members of Pasadena City Council:

I have had the privilege to be born and raised in this great city as well as having the opportunity to serve the citizens as a employee for approximately 30 years. There have been many projects that have been developed to enhance the quality of life for Pasadena. I have been watching 100 West Walnut go through a number of presentations, reviews and community interactions. I have been impressed by the collaborative efforts demonstrated that will result in creating a very positive improvement in Old Pasadena.

I truly feel this project will bring forth needed office spaces, enhanced parking and create a synergy of positive retail and residential opportunities for many years.

I urge your support of the project.

Thank you

Bob Baderian
