Subject: Resigning from Northwest Commission

Dear Chair Washington,

It is with deep regret that I must inform you that the May 12, 2015 Northwest Commission meeting will be my last one as a Commissioner for District 5. Unfortunately, my increasing family commitments and responsibilities and commute time to my work have, for the foreseeable future, compromised my abilities to serve as a commissioner and have forced me to make this decision.

I have an enormous appreciation for the purpose of the Northwest Commission. It has been a pleasure and inspiration to serve with you and all of my fellow commissioners. As a resident of Northwest Pasadena, I am looking forward to continue engaged in my community.

I have already informed Councilmember Gordo of this decision. If there are any other questions, please feel free to contact me.

Sincerely,
Jose Noel Toro
