AGENDA ITEM NO. 27

PURPOSE OF ORDINANCE

The proposed ordinance will update Title 2 to include the following changes which were previously approved by the City Council and are in practice: the City Manager's Department will include the economic development program, and the Arts program will be removed; the Northwest Commission's purpose and functions are expanded; the Planning and Development Department is renamed to become the Planning and Community Development Department and the economic development program is removed; the Housing Department is renamed to become the Housing and Career Services Department with career services added to that department's functions; and the Community Development Commission is deleted in its entirety.

REASON WHY LEGISLATION IS NEEDED

The Municipal Code sets forth the titles and purposes of the City of Pasadena Departments and Boards and Commissions. An ordinance is the only way to amend the Code. These amendments will provide consistency with Council direction and current practices.

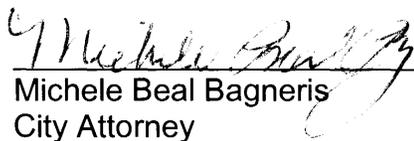

PROGRAMS, DEPARTMENTS OR GROUPS AFFECTED

The changes proposed by this ordinance are already in practice so they should not impact departments or groups other than providing better clarity and consistency.

FISCAL IMPACT

The fiscal impacts associated with adoption of this Ordinance are negligible.
