Subject: My commission status

To: Ali Everett, "jn@jennipha.com" <jn@jennipha.com>

Ali and Jenn,

I will have to resign from my membership on the Accessibility and Disability Commission.

Up until a week ago, this would have been the farthest thing from my mind. I am still stunned.

A number of happenings in our larger family have made it very clear that Thelma and I should move to Walnut Creek in the Bay area. We have located a beautiful condo--affordably priced. We submitted a successful bid. We'll be moving some time in September.

I was looking forward to working as the VP with Jenn. I'm sorry about putting the Commission back into the mode of finding someone to take this role. Happily, there are good candidates.

In the near future, I'll tender my resignation to Steve Madison, my district's City Council member.

I have enjoyed working with all of you. We are in a productive period of our commission's life.
