RE: Pasadena Laundry

Dear Mr. Beck and Ms. McAustin,

I am a loyal customer of Pasadena Laundry. I patronize this business because it is well run and they care about their customers. As a result of their water bill increasing by a whopping 50% in one year, they have needed to raise the prices they charge to me.

I am writing to you to express that I think that water rate increases implemented in 2009 is extremely unfair to this business.

I do not understand why they continue to be charged a penalty for their water usage when they have spent thousands of dollars to upgrade their equipment to be as water efficient as possible. One of the reasons why I come here is because they have water efficient machines and the fact that this is one of the "greenest" laundry facilities in the City.

I think that it is unfair that even though there was only a 10% increase to rates that PWP was charged for water, Pasadena Laundry's water rates increased by 50% in just one year.

I urge you to change this rate structure as soon as possible. Thank you for your consideration.

I do not understand why they continue to be charged a penalty for their water usage when they have spent thousands of dollars to upgrade their equipment to be as water efficient as possible. One of the reasons why I come here is because they have water efficient machines and the fact that this is one of the "greenest" laundry facilities in the City.

I think that it is unfair that even though there was only a 10% increase to rates that PWP was charged for water, Pasadena Laundry's water rates increased by 50% in just one year.

I urge you to change this rate structure as soon as possible. Thank you for your consideration.

Sincerely,
