Article 21. GRIEVANCE

A. Definition

1. Grievance: A dispute between the PPOA, an employee or a group of employees and the City regarding an interpretation or application of the MOU, or of the written rules and regulations or past practices governing matters within the scope of representation.

B. Guidelines

1. An employee may file a grievance without jeopardizing the employee's employment or fear of retaliation.
2. Discrimination Complaint Procedure - Allegations of unlawful discrimination shall be processed through the Human Resources Department, utilizing the Discrimination Complaint

Procedure in lieu of the grievance procedure. If the allegation is determined to be inappropriate for processing through the Discrimination Complaint Procedure, upon notification of same, the employee may utilize the grievance procedure within the time frames and definitions provided herein.

3. An earnest and sincere effort shall be made by all parties to cooperate in the prompt resolution of a grievance in an amicable manner. The time limits may be extended when mutually agreed upon in writing between the appropriate parties. If the employee, or the employee's representative, fails to proceed with the grievance within any of the time limits specified herein, the grievance shall be considered settled on the basis of the last decision rendered.

4. This is the sole and exclusive method for resolving grievances.

C. Grievance Procedure

1. Step 1

a) The grievant shall orally present the grievance to the immediate supervisor or Human Resources to identify an appropriate representative within fourteen (14) calendar days following the event or events upon which the grievance is based. The grievant may be assisted by a representative in presenting the grievance.

b) The immediate supervisor or designee shall make whatever investigation is deemed necessary and may arrange a meeting with the grievant to discuss the grievance and, if possible, resolve it. In any event, the supervisor shall give an answer to the employee within fourteen (14) calendar days following the oral presentation of the grievance. If the employee has requested to be represented, the representative shall be given the opportunity to attend the meeting, and shall be informed of the immediate supervisor's decision on the grievance.

c) If the grievant is not satisfied with the decision of the immediate supervisor, upon indicating the specific areas of disagreement, appeal to Step 2 can be made.

2. Step 2

- a) If the grievant desires to move the grievance to Step 2, the grievant shall submit the grievance in writing, to the Police Chief, within ten (10) calendar days following receipt of the immediate supervisor's decision at Step 1. If the employee has elected to be represented, assistance by the representative can be utilized in appealing the grievance.
- b) The written grievance must contain a complete statement of the complaint including the MOU provision, rule or regulation or past practice alleged to have been violated, the facts upon which it is based, the grievant's reasons for the appeal, and the remedy being requested.
- c) The Police Chief and the Director of Human Resources, or their designated representatives, shall attempt to resolve the grievance and shall arrange a meeting with the grievant and appropriate representative. A decision, in writing, shall be given to the grievant within ten (10) calendar days following the receipt of the written appeal or conclusion of the appeal meeting, whichever is later.
- d) Upon completion of the step 2 process, only the PPOA may move the grievance to Advisory Arbitration. The step 2 decision is the final administrative decision in all instances where the PPOA does not move the grievance to arbitration.

3. Advisory Arbitration

- a) The Association's submittal of the arbitration request shall be in writing; shall be signed by the authorized Association representative or its legal counsel, and shall be submitted to the Director of Human Resources within fourteen (14) calendar days of the written decision at Step 2.
- b) In the event the parties are unable to agree upon the

issue, or issues, to be presented at arbitration, each party will prepare its statement of issue, or issues, and jointly submit their statements to the arbitrator. The arbitrator shall, at the beginning of the hearing referred to below, state his/her opinion as to what the issue, or issues are.

- c) Within seven (7) calendar days following the meeting to prepare the issues statement, the City shall request that PERB provide a list of seven (7) persons qualified to act as arbitrators.
- d) Within seven (7) calendar days following receipt of the list of arbitrators, the parties shall endeavor to select the arbitrator. The parties shall alternately strike one name from the list of arbitrators (the right to strike the first name to be determined by flipping a coin) until one (1) name remains, and that person shall be the arbitrator.
- e) The arbitrator shall conduct the hearing as he or she deems appropriate in keeping with judicial decorum and providing each party an opportunity for a full and fair evidentiary hearing.
- f) The arbitrator shall render a written opinion within thirty (30) calendar days following the closing of the hearing unless the period has been mutually extended in writing. The opinion shall be in conformance with the Memorandum of Understanding and/or applicable City rules. The opinion shall be advisory only and shall not be binding on either party. Further, the opinion shall be limited to the issue, or issues, presented to the arbiter. The opinion shall be sent to the Municipal Employee Relations Officer, with a copy to the Union and the City representatives.
- g) Within thirty (30) calendar days following the date of service of the advisory opinion, the Municipal Employee Relations Officer shall either adopt, reject or modify the hearing officer's finding of facts, and recommended award, if any. A copy of the Municipal Employee Relations Officer's letter will be sent to the employee

and union organization involved, if any.

- h) Each of the parties involved shall contribute equally to the fees and expense of the arbitrator, and any transcriptionist. Cost of transcripts shall be the responsibility of the party that requested them. . Each party shall bear its own witness and attorney fees.

Article 22. LAYOFF

A. Definition

Layoff is defined as any involuntary separation wherein management eliminates a position without prejudice to the incumbent due to lack of funds, reduction in force due to technological or operational changes, or elimination or modification of any activity or service.

B. Policy

1. The City will make every effort to accommodate those employees who may be subject to layoff through the process of normal attrition. In the event of the reduction of the work force, existing vacancies shall be used to the maximum extent possible to relocate affected employees, regardless of departmental jurisdiction.
2. Layoff shall be made by specific Job Series (i.e., Police Officer, Police Corporal, and Police Sergeant). If there is a layoff, employees with two or fewer years as a Police Corporal or Sergeant have the right to return to their most recent prior classification, if any.
3. Individuals with the least seniority in their classification shall be laid off first.
4. Employees for whom a layoff appears imminent, shall be placed upon a retention list for that class. All vacancies within that class shall be filled from the retention list prior to using the regular eligible or rehire lists. The conditions applying to this list shall be as follows:
 - a) Employees shall have a right to a demotion

to another classification in their own department if a vacancy exists.

- b) If any employees cannot be placed as described above, such employees may be considered by other departments as follows:
 - 1) The employee is physically able to perform the required duties.
 - 2) The position is not one of greater supervisory responsibility and is compensated at a rate equal to or less than the employee's present rate.
 - 3) The employee meets the minimum qualifications and physical standards of the position.
 - 4) Departments, other than the one in which the particular lay-off occurred, are not obligated to accept the laid-off employee.
- 5. Employees who, in order to avoid being laid off, accept voluntary demotion shall be compensated in the established salary range of the class into which they transfer at the step nearest to, but not greater than, that received in their former classification. The employee's rate of pay shall be changed at the time that the reassignment is made or new duties and responsibilities are assumed and the employee shall retain the previous employment date for purposes of step advancement.
- 6. Employees who accept voluntary demotion shall be eligible at any time for reappointment to their previous classification on the basis of seniority when openings occur in the department where the layoff occurred, provided that they are able to perform the duties of the job. Rejection of a reappointment offer shall terminate eligibility for future consideration.
- 7. Employees who are subject to impending layoff may not be transferred to a vacant position with a higher salary range except through participation in the normal examination and

selection procedures, as established by the Human Resources Department.

8. Employees who cannot be placed, and must be laid off, shall have their names placed on a reemployment list and shall be eligible as follows:
 - a) To compete in promotional examinations for which they are qualified for a period of 12 months.
 - b) To hold reemployment rights for a period of 12 months and be eligible for any vacancies which may occur during this period in the classification held by the employee in the department where the layoff occurred, provided that the employee is able to perform the duties of the job.

9. Any employee who must be laid off shall receive a severance pay benefit based on the following considerations: (Should it be determined that the City of Pasadena is required to participate in Unemployment Compensation Insurance, negotiations shall be reopened on this issue only and severance pay shall be reduced concurrent with the availability of unemployment compensation to employees in this unit.)
 - a) Severance pay shall be at the rate of 60% of the employee's current monthly base salary. The employee will be entitled to one monthly payment for each year of continuous, regular employment, to a maximum of six payments.
 - b) Severance payments shall be prepared with the regular payroll and paid at the end of each month that the employee has not been recalled for the duration of his/her benefit.
 - c) Employee must have completed at least one year of service before being entitled to this benefit.
 - d) If the layoff period is for less than one month, the employee shall receive a benefit proportional to the length of time of the layoffs.

e) Employees who are laid off will be given the following considerations with regard to their other accumulated benefits:

- 1) Employees will not continue to accumulate any longevity- based benefit during the period that they are laid off, but will retain any benefits accumulated to the date of layoff. Employee retirement benefits cease at the time of, and will not be paid during a layoff period.
- 2) The employee may remain in a layoff status for a maximum of 12 months. If the employee is recalled during this time, reinstatement will be made and all rights and benefits will be restored as a regular employee from the date of his/her first appointment within the period of the most recent continuous service, with an appropriate adjustment for the time that was not actually worked on the job.
- 3) The laid-off employee will have the option of receiving payment for any accumulated vacation and/or sick leave, within the provisions of the respective policies, at any time during the layoff period. Such payments will be made in one sum and will be independent of any severance pay received.
- 4) Employees who claim payment for accumulated vacation and/or sick leave and are subsequently recalled, will begin reaccumulating the claimed benefit(s) on the date that they report back to work.
- 5) Laid-off employees, who are not recalled within the 12 month period, will be completely separated from the City service and will automatically receive payment for any accumulated vacation or sick leave which has not been previously claimed.

- f) In the event of death of an employee while receiving severance pay, such payment shall not continue to employee's beneficiaries, such payment shall cease.
- g) Employees laid off and given an opportunity to return to a job for which they are qualified shall be allowed a maximum of 14 calendar days after such notification to make themselves available. If an employee refuses such an opportunity to re-employment, the employee will be removed from the reemployment list.
- h) Severance benefit payments shall cease when the laid-off employee returns to work with the City, or obtains another full- time position.
 - 1) Provisions of this section pertaining to severance pay shall not apply to those employees whose layoff was necessitated by the City's inability to meet payroll, or to secure continued financing of projects or programs supported by other agencies.

- 10. Employees who: (a) may be transferred, (b) accept a voluntary demotion, (c) are reemployed by the City, shall meet the job requirements of the class into which they are placed.
- 11. Questions on seniority status, which affect retention and are influenced by previous reclassification actions, shall be adjudicated by the Director of Human Resources.
- 12. When computing an employee's most recent continuous service and applicable severance payment, previous layoffs and any payments thereto will be disregarded.
- 13. The terms and conditions of this layoff policy will not be used as a substitute for disciplinary action against any employee.

C. Procedure

- 1. Notice: Each affected employee shall receive written notice from the appointing authority, specifying the exact date when layoff is to be effective; and at least two weeks' notice shall be

given.

a) The commencing date of the reemployment rights of the employee shall start from the effective date of layoff.

2. Recall List: The Human Resources Department will automatically establish a recall list for a period of 12 months.

a) All departments where classifications exist which are on the recall list will be notified of the employee's availability.

b) Individuals on the recall list will be appointed to vacancies for which they qualify in the department from which they were laid off, so long as any person in that class is on such a list, before any other names on any other eligible lists - promotional or open competitive - are used.

Article 23. DRUGS AND ALCOHOL

It is the responsibility of the City, the Association, and the employees to maintain a safe, healthy, and productive work environment. Therefore, employees shall not report to work under the influence of drugs or alcohol, or possess or use alcohol or illegal substances while at work, nor have their ability to work impaired as a result of the use of drugs or alcohol, as such conduct is likely to result in reduced productivity, an unsafe work environment, poor morale, and danger to employees and liability to the City. "Under the influence of drugs or alcohol" means the use of alcohol or any illegal substance or misuse of a prescribed drug in a manner and to a degree that causes impairment in the employee's work performance or the ability to use City property or equipment safely.

[A detailed policy statement on drug and alcohol abuse is listed in Exhibit III.]

Article 24. TRANSPORTATION DEMAND MANAGEMENT PROGRAM (PRIDESHARE II)

Unit members must participate in the PrideShare program as identified in the City's Personnel Manual of Policies and Procedures. Solo drivers are required to pay \$35 per month (\$17.50 per pay period). Non-solo drivers have benefits provided per the policy.

Article 25. NO SMOKING POLICY

Unit members shall comply with the No Smoking policy of the City of Pasadena and the Police Department.

Article 26. LIGHT DUTY

- A. At the discretion of the Department, a limited number of temporary light duty positions may be identified. Light duty assignments may occur outside the Division which the employee was injured and may involve a change of work hours and/or days off.
- B. Employees injured on duty may be assigned light duty positions by the Department. Employee's injured off duty may request assignment to light duty positions. Requests involving off duty injury may be approved by the Department, in its discretion. On duty injuries shall take precedence, however.
- C. Light duty assignments shall be limited to sixty (60) calendar days. No employee shall be assigned to light duty when the initial medical evaluation indicates that the employee shall be off duty for more than sixty (60) calendar days. Short term extensions of light duty assignments may be approved by the Department when medical evaluation indicates that an employee's return is imminent at the end of the sixty (60) day period.
- D. In addition, employees who are injured or ill from causes unrelated to the job may apply for a waiver of the sixty (60) calendar day rule when:
 - 1. There is a predictable time frame for a return to full duty;
 - 2. To comply with the sixty (60) calendar day rules would cause significant financial hardship; and
 - 3. The Department has specific work for the employee to perform.
- E. If a waiver is granted, such waiver does not create a permanent light duty position, but is rather, intended solely to reasonably accommodate an employee on a temporary basis.
- F. To the extent permitted by law, the sixty (60) calendar day limit set

forth in this subsection shall not apply in the case of pregnancy. Upon request, the Department and Association may re-open negotiations on the light duty policy as it applies to pregnancy assignments.

The parties hereto have caused their duly-authorized representatives to execute this amended and restated Memorandum of Understanding effective April 3, 2017.

EXHIBIT III

**City of Pasadena and PPOA
Alcohol and Drug Policy**

A. **PURPOSE**

It is the purpose of this policy to ensure that unit members who perform their job do so free of the effect of alcohol or any substances (whether illegal or not) and to ensure that employees are in a condition to perform their duties safely and efficiently, in the interests of their fellow workers and the public as well as themselves.

B. **POLICY**

With the exception of those job circumstances which necessitate the handling, possession or consumption of drugs by employees in the performance of their duties, it is City's policy that employees' shall not be under the influence of or in possession of alcohol or drugs while on City premises, at work locations, while on duty, or before reporting for duty; shall not possess, provide or sell illegal drugs to any other employee or to any person; nor have their ability to work impaired as a result of the use of alcohol or any drugs or substances.

While use of medically prescribed medications and drugs is not per se a violation of this policy, the parties recognize that it is important that the employee notify his/her supervisor, before beginning work, when taking medications or drugs (including the possible effects of taking such medication and drugs) which could foreseeably and substantially interfere with the safe and effective performance of duties or operation of equipment. In the event there is a question regarding an employee's ability to safely and effectively perform assigned duties while using such medications or drugs, clearance from a qualified physician may be required.

If the City has a reasonable suspicion that an employee may have alcohol or drugs on City property, the City may proceed in a manner consistent with Government Code section 3309. Employees reasonably believed to be under the influence of alcohol or drugs (the use of alcohol or any illegal substance or use of a prescribed drug in a manner and to a degree that causes any impairment in the employee's work performance or the ability to use City property or equipment safely) shall be prevented from engaging in further work, may, as addressed

below in this policy, be ordered to submit to a drug and or alcohol test and shall, for safety purposes be provided transportation from the work site, whether that is to a drug and or alcohol test or if no test is administered, to the employee's residence or other similar location.

Employees who voluntarily seek treatment for alcohol consumption, abuse or alcoholism or substance abuse requiring an absence from work may, with department

head approval, be allowed to use earned sick leave and/or vacation during such absence. The employee is also entitled to use Family and Medical Care Leave in accordance with the law.

C. APPLICATION

This policy applies to all employees of the City of Pasadena and represented by PPOA. This policy applies to alcohol and to all substances, drugs, or medications, legal or illegal, which could impair an employee's ability to effectively and safely perform the functions of the job.

D. EMPLOYEE ASSISTANCE PROGRAM

The City encourages the voluntary utilization of the Employee Assistance Program (EAP) established by the City as an important method for dealing with substance abuse. All potential problems will be handled on a case by case basis. Overall consideration is directed towards the health and safety of the employee, co-workers and members of the general public.

The EAP is available for assessment, diagnosis and referral to treatment. Any employee wishing confidential assistance can contact the EAP and arrange an appointment with a counselor.

Employees who are concerned about their alcohol and/or drug use are strongly encouraged to voluntarily seek assistance through the EAP. In addition, employees who are concerned about alcohol and/or drug use among their co-workers should strongly encourage those individuals to seek assistance through the EAP. Voluntary use of the EAP by the employee may consist of counseling, out-patient rehabilitation, in-patient rehabilitation or any other treatment recommended by the EAP counselor provided employee and public safety is not compromised. EAP usage is not considered voluntary in the case of a management referral or if the employee decides to use the EAP services after their substance abuse problem has been discovered by city officials.

All voluntary or self-referral contacts are held in confidence by the EAP unless the employee requests, through specific written release of information, that the Human Resources Director, supervisor, Employee Organization or other parties be notified.

The employee's compliance with the EAP is voluntary. Absent just cause, the employee's job security and/or promotional opportunities will not be jeopardized by voluntary utilization of the EAP or any other treatment service. Use of the program does not replace normal disciplinary procedures for unsatisfactory job performance or conduct.

The employee can schedule an appointment on his/her own time (days off, before or after the work shift, lunch break) without letting anyone know of this. Sick leave time may be used for self-referral appointments during regular work hours if unable to schedule during off-duty hours. If an employee requires additional leave time for substance abuse treatment, he/she may request a leave of absence, subject to approval by the Police Chief.

Employees and/or their dependents are responsible for all deductibles and co-payment costs associated with in-patient or out-patient counseling services and substance abuse treatment. The City will only bear the costs necessary to keep the EAP in effect and available.

E. EMPLOYEE RESPONSIBILITIES

Except in the performance of duty, an employee must:

1. Refrain from the use of, or possession of, illegal drugs, substances or narcotics.
2. Not report to work while his/her ability to perform job duties is impaired due to alcohol or drug (whether illegal or legal) use.
3. Not possess or use alcohol during working hours, when on breaks, or during meal periods.
4. Not possess or use illegal drugs or substances or prescription drugs without a prescription.
5. Not directly or through a third party sell or provide illegal drugs or substances to any person, including any employee, while either employee or both employees are on duty or off duty.

6. Submit to a urine, breath or blood test, when reasonable suspicion as defined in F-2 is present, and when appropriately ordered by a supervisor or manager.
7. An employee should notify his/her supervisor, before beginning work, when having consumed alcohol or when taking any medications or drugs, prescription or non-prescription, which may interfere with the safe and effective performance of duties or operation of equipment.
8. Provide within 24 hours of request (or as soon as possible) bona fide verification of a current valid prescription for any potentially impairing drug or medication identified when a drug screen/test is positive. The prescription must be in the employee's name.
9. Report to any supervisor up to and including the City Manager, or take other appropriate action when it is believed other employees may be under the influence of drugs or alcohol or engaging in illegal drug related activities.
10. Employees who believe they may have an alcohol or drug usage problem are urged to voluntarily seek confidential assistance from the Employee Assistance Program or other resources available in the community. The City will be supportive of those who seek help voluntarily, and may authorize the use of earned sick leave or vacation, or leave of absence. The City will be equally firm in identifying and disciplining those who continue to be substance abusers and do not seek help.

F. MANAGEMENT RESPONSIBILITIES AND GUIDELINES

1. Managers and supervisors are responsible for reasonable enforcement of this policy, and for the administration of discipline as deemed appropriate, consistent with the Discipline Section (XVII).
2. Managers and supervisors may request and, if necessary, subsequently order that an employee submit to a drug and/or alcohol test when a manager or supervisor has a reasonable suspicion that an employee is intoxicated or under the influence of drugs or alcohol while on the job. "Reasonable suspicion" is a clear indication based on objective facts and personal observation of at least two employees, one which must be a supervisor,

sufficient to lead a reasonably prudent person to suspect that an employee is under the influence of drugs or alcohol so that the employee's ability to perform the functions of the job safely, effectively and efficiently is impaired.

For example, any combination of any of the following may constitute reasonable suspicion:

- a) Slurred speech;
 - b) Odor of an alcoholic beverage on breath;
 - c) Unusual, anti-social behavior which is so unusual that it warrants summoning a supervisor or anyone else with authority;
 - d) Unsteady walking and movement;
 - e) An accident involving the employee and/or equipment or property where the cause may be symptomatic of suspected use of drugs or alcohol;
 - f) Patterns of physical altercation;
 - g) Unusual behavior where the cause may be symptomatic of suspected use of drugs or alcohol;
 - h) Possession of alcohol or drugs unrelated to job responsibilities;
 - i) Information obtained from a reliable person with personal knowledge. The supervisor shall verify or corroborate such information prior to requesting or ordering an employee to submit to a drug test.
1. Any manager or supervisor requesting or ordering an employee to submit to a drug and/or alcohol test shall, prior to or within 24 hours of such requests, document in writing the facts constituting reasonable suspicion that the employee in question is intoxicated or under the influence (as defined above) of drugs or alcohol.
 2. Any manager or supervisor encountering an employee who refuses an order to submit to a drug and/or alcohol analysis shall remind the

employee that failure to comply is insubordination and will result in disciplinary action. Where there is reasonable suspicion that the employee is under the influence of alcohol or drugs, the manager or supervisor shall, for safety purposes, provide the employee transportation from the work site to the collection facility to submit to the test.

3. In addition to the reasonable suspicion testing set forth above, individuals serving in the capacity as Helicopter Pilots, K-9 Handlers and Special Investigation Section shall be subject to random drug testing. Individuals serving in these sections shall be subject on a random periodic basis. Individuals wishing to enter these assignments may be subject to testing prior to being assigned. Testing conducted pursuant to the provisions of the random testing program shall be conducted pursuant to the provisions of this section.
4. Managers and supervisors shall not physically search the person of employees, nor shall they search the personal possession of employees without the consent of the employee.

G. PHYSICAL EXAMINATION AND PROCEDURE

The urine, breath, blood, or other appropriate test (as determined by the lab) may test for any substances which could impair an employee's ability to effectively and safely perform the functions of his/her job, including, but not limited to, prescription medications, alcohol, heroin, cocaine, morphine and its derivatives, PCP, methadone, barbiturates, amphetamines, marijuana and other cannabinoids. Any positive drug test shall be confirmed by a reliable test. The confirming test must be at the same or better level of accuracy as a Gas Chromatography/Mass Spectrometry (GC/MS) test. The sample shall be split and the employee shall have a right to said split sample for analysis by an independent laboratory.

H. RESULTS OF DRUG AND/OR ALCOHOL ANALYSIS

1. A positive result with confirmation from a drug and/or alcohol analysis may result in disciplinary action, up to and including discharge. However, consideration may be given to postpone, reduce or cancel pending disciplinary action when an employee voluntarily obtains treatment for a substance abuse problem. All relevant facts will be taken into consideration in determining if discipline is appropriate and if so, at what level.

2. If the drug screen is positive, the employee must provide within 24 hours of request (or as soon as possible) bona fide verification of a valid current prescription for the drug identified in the drug screen. The prescription must be in the employee's name. If the employee does not provide acceptable verification of a valid prescription, or if the prescription is not in the employee's name, the employee may be subject to disciplinary action up to and including discharge. Even if the employee has a prescription for the medication, the employee could still be disciplined if he/she did not comply with the requirements of this policy regarding use of prescription medications.
3. If an alcohol or drug test is positive for alcohol or drugs, the City shall immediately conduct an investigation to gather all facts. Any decision to discipline or discharge will be made at the earliest possible time and shall be carried out in conformance with applicable discipline procedures.
4. Any employee who tests positive for drugs and or alcohol is subject to follow up random testing over the 12 month period following the positive test. There will be at least two random follow up tests during the 12 month period.

I. CONFIDENTIALITY

Laboratory reports or test results shall be transmitted directly to the Director of Human Resources and shall not appear in an employee's general personnel file. Information of this nature will be contained in a separate confidential medical folder that will be securely kept under the control of the Director of Human Resources. The reports or test results may be disclosed to City management on a strictly need-to-know basis and to the tested employee upon request. Disclosures, without patient consent, may also occur when: (1) the information is compelled by law or by judicial or administrative process; (2) the information has been placed at issue in a formal dispute between the employer and employee; (3) the information is to be used in administering an employee benefit plan; (4) the information is needed by medical personnel for the diagnosis or treatment of the patient who is unable to authorize disclosure.

J. HOLD HARMLESS CLAUSE

The City agrees to indemnify, defend and hold PPOA harmless in the event of a lawsuit by an employee alleging that his/her civil or constitutional rights have been violated by agreement to this substance abuse policy. The City shall have the exclusive right to determine whether any such claim or suit shall or shall not be compromised, resisted, defended, tried or appealed.

EXHIBIT V

Corporal Classification

PREAMBLE

- A. The PPOA, a recognized employee organization and the City of Pasadena, a Public Agency, have been meeting and conferring consistent with Section 3500 of the Government Code and have reached agreement upon this Exhibit IV to the above MOU. Said Exhibit shall be as follows:

1. CLASSIFICATION TITLE

The investigator classification shall be re-titled as corporal. Corporals shall be assigned to the same salary range and steps as is the present investigator classification. (It shall also be provided that the employee assigned as Chief Helicopter Pilot, shall be compensated at the corporal range regardless of the assignment not resulting from a test, but rather, from appointment in the Chief's sole discretion).

2. DEFINITION OF CORPORAL CLASSIFICATION

The police corporal performs general policing duties, but occupies a quasi-supervisory role as dictated by command and control policies and procedures. The corporal investigates criminal offenses, serves as team leader in various policing functions throughout the Police Department, and performs other duties unspecified herein as required.

3. ESSENTIAL FUNCTIONS

The functions of any individual police corporal shall be defined by the division of assignment. A non-inclusive description of available essential functions are:

- a) Assignment of corporals to any division, section, and unit shall be based upon operational needs as determined by the Department.
- b) Corporals may function as team leaders within individual service areas.

- c) Corporals shall be regarded as senior to individuals occupying the police officer classification, in terms of authority and responsibility.
- d) Unless tactical circumstances warrant, corporals will not typically be assigned as handling units for priority 1 and 2 calls.
- e) Unless tactical circumstances warrant, corporals will not typically be assigned priority 3 and 4 radio calls.
- f) When assigned to investigative services, corporals shall function in the role of detective within the accepted definitions of said assignments.
- g) Both corporals and police officers assigned to investigative services shall be referred to as DETECTIVE.
- h) Corporals may be assigned as either section or unit leaders.
- i) In addition to corporals, individuals who on the date of commencement of a sergeant's promotional examination have, or will have completed ten (10) consecutive years of service classified as a sworn peace officer, the last five (5) years of which was served as a sworn police officer in the employ of the City of Pasadena, shall be permitted to participate in a sergeant's promotional examination.
- j) Immediately prior to commencement of the meet and confer process for the 1998-99 fiscal year (and thereafter), the corporal classification consisted of an authorized compliment of thirty-one (31) positions. The thirty-one (31) positions were supplemented by six (6) authorized police officer classifications whereby police officers could serve a maximum of two (2) continuous years in a corporal assignment. Said "rotational" police officers would commence compensation at Step 4 of the investigator salary scale, with an adjustment to Step 5 after completion of a six-month probationary period. Accordingly, immediately prior to commencement of this meet and confer process, thirty-seven (37) paid positions were authorized for investigator assignments (31 individuals classified as investigator, plus six rotational police officers compensated at various investigator steps).

Although the parties acknowledge that no binding representation can be made as to the number of authorized paid corporal positions which will exist during the term of a successor Memorandum of Understanding, it is the intent of management to seek authorization to maintain thirty-six (36) authorized and paid corporal positions.

In addition to seeking authorization to maintain thirty-six (36) authorized and paid corporal positions, the Department may provide for up to six (6) rotational police officer classification assignments which may be assigned to perform corporal duties in any division, section or unit. Notwithstanding, the Department recognizes that specific assignments require a degree of expertise and training, making those positions not suitable for rotational officer assignment. They include homicide, sexual assaults, and credit card forgery and fraud crimes. Those specific corporal assignments will not be filled with rotational officers. Rotational officer assignments shall generally be for a period of one year. Except as described herein, no such assigned "rotational" police officer shall receive any base salary increment to his/her police officer classification base salary, as it may from time to time exist during the rotational assignment.

Reassignment of a rotational officer prior to, after, or simultaneous with the completion of a one-year rotational assignment shall be the result of either an agreement of the rotational officer and the Department, or as a result of the Department's unilateral determination, regardless of the reason for said determination. In any case where the reassignment is the result of the Department's unilateral determination, the assignee shall have the option of convening a meeting with the Chief of Police to seek modification of the Department's decision. The meeting with the Chief of Police shall be governed by procedures applicable to meetings governed by the case of *Skelly v. State Personnel Board*. Accordingly, this shall not be an evidentiary, trial-type administrative hearing, there shall be no right to subpoena documents for witnesses, there shall be no rights to discovery, although the Department shall provide the subject employee with a written explanation for the Department's determination. The subject employee may exercise this option by serving the Office of the Chief of Police with a written

request for such a meeting, not later than five (5) calendar days after receipt by the employee of notice of the intended reassignment. The requested meeting with the Chief of Police shall be conducted not later than five (5) calendar days after the written request for the meeting is served. The determination of the Chief of Police shall be final, and there shall be no other administrative process, by which to contest the Chief's determination. It is agreed that the appeal process described herein for the rotational officer positions complies with the "administrative appeal" provisions of Government Code Section 3304(b). However, an employee may pursue claims of discrimination through any other internal or external avenues available to the employee.

Assignment to the rotational position shall be at the discretion of the Department, following completion of an in-house interview process to be conducted and staffed as determined by the Department. Neither the examination process nor the results thereof shall be subject to any administrative appeal process or challenge. However, eligibility to participate in the rotational interview process shall be limited to those individuals classified as police officers who have at the time of the interview, completed three (3) consecutive years of service classified as a sworn peace officer, the last two (2) years of which were served as a sworn police officer in the employ of the City of Pasadena. However, an employee may pursue claims of discrimination through any other internal or external avenues available to the employee.

4. ADDITIONAL MODIFICATIONS TO TERMS AND CONDITIONS AFFECTING INVESTIGATOR CLASSIFICATION

In addition to the above changes in terms, conditions and title of the investigator position, the following changes shall be implemented regarding the newly titled "corporal" position:

- a) Unless otherwise specifically provided for in the MOU, corporals assigned to any division, section or unit shall likewise receive no assignment-related premium compensation over and above the base salary assigned to said corporal's pay-step within the corporal range.
- b) Prior to and during the meet and confer process for the

1998-99 fiscal year and thereafter, six (6) individuals classified as a police officer, have been and are assigned to perform rotational duties in the investigative services division. Pursuant to the 1996-98 MOU, said police officers are receiving premium compensation at Steps 4 and/or 5 of the corporal (investigator) salary range. Any such police officers assigned to perform rotational duties in the investigative services division on the date that this MOU is adopted by the City Council shall continue to receive said premium compensation for the duration as their rotational duty assignment. Any individual classified as a police officer who is assigned to perform rotational duties after the adoption date of this MOU shall receive no premium compensation, and instead shall be compensated at the base salary level attendant to the classified position of police officer.
