ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF PASADENA AMENDING SECTIONS 17.22.030, 17.50.275 AND 17.80.020 OF TITLE 17 (ZONING CODE) OF THE PASADENA MUNICIPAL CODE TO REVISE THE CITY'S SECOND DWELLING UNIT REGULATIONS

WHEREAS, in recent years, there have been considerable discussions throughout the State of California regarding the housing shortage, which is associated with rising housing costs and lack of affordable housing options; and

WHEREAS, the California State Legislature determined that accessory dwelling units (formerly termed second dwelling units) are an essential component of the state's housing supply, providing housing for family members, students, the elderly, in-home health care providers, the disabled, and others, at below-market prices within existing single-family neighborhoods while providing homeowners who create such units with increased financial security; and

WHEREAS, on September 27, 2016, Assembly Bill (AB) 2299 and Senate Bill (SB) 1069 that amended various sections of the State Government Code related to accessory (or second) dwelling unit regulations were signed into law, which included a provision that invalidates a local agency's existing accessory dwelling unit ordinance if it does not fully comply with all requirements of the newly amended state standards by the date in which these bills became effective (January 1, 2017); and

WHEREAS, the City's existing Second Dwelling Unit regulations provides type, location, operational, and development standards; and

WHEREAS, although the majority of the existing provisions, including the location limitation in which the accessory dwelling units are only allowed on lots of a certain size within single-family zoning districts that are not part of the Hillside or Landmark Overlay Districts, are still in compliance with the amended State Law since such limitations were established based on concerns related to increased traffic flow on particularly narrow and/or winding streets, compatibility with historic and/or hillside development, and public safety related to fire and police access along such streets, the City's existing regulations do not fully comply with the amended State Law; and

WHEREAS, as such, there is an immediate need to amend the City's existing Second Dwelling Unit regulations in order to align with the amended State Law, which will allow the City to continue to enforce its existing regulations until work on a comprehensive review of all such regulations is completed, which is anticipated to begin later this year; and

WHEREAS, the proposed ordinance is consistent with the General Plan Goals and Policies related to housing choices, adequate and affordable housing, neighborhood character, and housing diversity.

NOW THEREFORE, the People of the City of Pasadena ordain as follows:

SECTION 1. This ordinance, due to its length and corresponding cost of publication, will be published by title and summary as permitted in Section 508 of the
