Recommendation: The report is for information only; no City Council action is required.

Bill Huang, Director of Housing and Career Services, provided introductory comments, and Jennifer O'Reilly-Jones, Homeless Program Coordinator, presented a PowerPoint presentation on the item, and responded to questions.

Councilmember Madison spoke on the need for staff to focus on the mentally ill, service resistant, and chronically homeless individuals who may be a threat to the public, and specifically to local businesses that contend with the impacts of homeless individuals utilizing adjacent public rights-of-way to sit or sleep.

Councilmember Wilson asked staff to provide homeless count data on neighboring municipalities in the City Manager's News Letter, when available. He also spoke on the need for staff to consider pushing for additional efforts to increase affordable senior housing in the City and cited public safety concerns with the transient population loitering at the Fillmore Gold Line Station.

Councilmember Hampton asked staff to provide information to the Economic Development and Technology Committee on City-owned properties, and opportunities for affordable or permanent supportive housing.

Anne Lansing, Project Planner, responded to questions related to the City's short-term and rapid rehousing programs, the City's use of Veterans Affairs Supportive Housing (VASH) vouchers, and the content of survey questions.

Councilmember Gordo asked staff to consider the City-owned property located at 2180 East Foothill Boulevard as a potential location for a permanent supportive and/or an affordable housing project for seniors and/or families. In addition, he asked staff to provide information on the number of veterans that have received housing services from the City. He suggested the City coordinate with the Pasadena Unified School District and other agencies to identify families and senior citizens that may be at risk for homelessness and prioritize such individuals for housing needs; and expressed concerns with City staff returning VASH vouchers.

City Manager Mermell responded to question related to 2180 East Foothill Boulevard, and stated that staff will provide information on the property and proposed uses.

Councilmember McAustin asked staff to return to City Council with a list of City-owned properties where permanent supportive housing can be built. She suggested that the City become a partner in developing very low and low income housing to help meet the needs of the homeless population.

Vice Mayor Kennedy asked staff to provide to the City Council a copy of the survey questions from the homeless count, as well as information on subsidies provided by the City to affordable housing projects within the last three years on a per unit basis. In addition, Mr. Kennedy asked that staff compile data regarding individuals provided permanent supportive housing by the City to demonstrate the City's efforts in this regard. He suggested that a Council Committee be assigned the issue of homelessness, to vet and review proposed solutions and efforts, to provide further support and assistance to staff in addressing this problem.

The following individuals provided comments and/or suggestions on the item:

Ryan Izell, Union Station Homeless Services
Howard Kahn, Union Station Homeless Services
Griffin Hatlestad, Door of Hope

Tom Petersmeyer, Montrose resident
Anthony Manousos, GPAHG

Vice Mayor Kennedy asked staff and the Economic Development and Technology Committee to expedite the review of information and potential alternatives related to the Heritage Square South project, which should return to the City Council for additional discussion.

The Mayor asked staff to identify existing properties that the City might be able to convert to affordable housing (such as motels), be it from a willing seller, or if necessary, subject to eminent domain. He cited the need for the City Council to change its approach to homelessness, which may include modifications to the Inclusionary Housing Ordinance to generate additional funding, as well as a discussion on how such funds are spent to optimize results.

Councilmember Gordo spoke in favor of the acquisition of existing units, particularly those in disrepair or problematic to a neighborhood. He also suggested collaborating with operators of permanent supportive housing for seniors, and leveraging funds from Los Angeles County to augment the City's Inclusionary Housing funds. He asked staff to develop a policy that will address the oversaturation of affordable housing in any one part of the City.
