RE: City of Pasadena, Human Relations Commission

Dear Andy,

I would like to thank you for the opportunity to represent District 7 on the Human Relations Commission. During my time on the commission, I have learned much about issues influencing race, prejudice and bias among the city residents and government. I have also enjoyed working with fellow commissioners representing the diverse neighborhoods of our vibrant city.

Unfortunately, due to work and family obligations I am submitting my resignation as commissioner. I want to thank you for the opportunity and I hope we can work together in the future when I have more time to effectively contribute towards community change.

Regards,

Joseph "Cody" Ruedaflores  
City Resident
