Honorable Councilmembers,

Pasadena's housekeepers, cooks and dishwashers built our city's hotel industry through their backbreaking work, and now these low-wage workers are among the hardest hit by the COVID-19 crisis. Glendale, Los Angeles County and Long Beach have done the right thing and passed common sense policies that will ensure hotel workers a right to return to their same jobs as business returns. Please support a similar worker recall and retention law to ensure Pasadena hotel workers have the same protection.

Honorable Councilmembers,

Workers in the restaurant, hotel, and food-service industry have been a backbone of our efforts during Covid-19: they provide the housing we use for quarantine, make it safer to eat and travel, and they deserve our support. Instead, they are losing their jobs.

Please support the Pasadena recall and retention law. It is vital that our hard-working hospitality workers get the protection they deserve.
