**CAUTION:** This email was delivered from the Internet. Do not click links or open attachments unless you know the content is safe.

Honorable Councilmembers.

Pasadena's housekeepers, cooks and dishwashers built our city's hotel industry through their backbreaking work, and now these low-wage workers are among the hardest hit by the COVID-19 crisis. Glendale, Los Angeles County and Long Beach have done the right thing and passed common sense policies that will ensure hotel workers a right to return to their same jobs as business returns. Please support a similar worker recall and retention law to ensure Pasadena hotel workers have the same protection.

Honorable Councilmembers.

It is not fair that hospitality workers and housekeepers have lost their jobs, their livelihood, and their pride. I myself have been furloughed one day a week and I have 80% of my pay. I have nothing in my account, but I haven't lost my job. I urge you to vote yes on this proposal. I'm a Pasadena voter and I will remember who makes an effort to help and who does not. Just a gentle hint.

**CAUTION:** This email was delivered from the Internet. Do not click links or open attachments unless you know the content is safe.

Honorable Councilmembers,

Thousands of hard-working hospitality workers, including many Pasadena residents, have lost their jobs. This creates extremely difficult circumstances and economic uncertainty that are all greatly exacerbated when workers do not have a commitment that they will be able to return to their jobs when business conditions improve.

Santa Monica enacted a right of recall to ensure that hotel workers displaced by economic fallout following 9/11 could return to work. In response to the COVID-19 pandemic, Glendale, the City of Long Beach, and Los Angeles recently passed similar policies to protect workers from economic insecurity. As a resident of Pasadena, I urge you to consider and support similar measures here.

Honorable Councilmembers.

Thousands of hard-working hospitality workers, including many Pasadena residents, have lost their jobs. These extremely difficult circumstances and economic uncertainty are greatly exacerbated when workers do not have a commitment that they will be able to return to their jobs when business conditions improve. That is the experience of long-time workers at the Langham Huntington Hotel here in Pasadena.

After suspending operations of the hotel on April 8th, management of the Langham Huntington sent letters to workers at the end of May saying they "made the difficult decision to permanently separate" with the workers, terminating their employment as of May 28th. Despite the workers' contributions to the hotel, the company did not make any commitment to recall them when business resumes.

After 9/11, the City of Santa Monica passed a right of recall policy to ensure that hotel workers displaced by the economic impact of 9/11 would return to work.
