Agenda Item Number 1

Comments Am I missing something? Take a look at the the total dollar amount of all of the contracts and purchase orders today starting with agenda item number 1. I quickly calculated a total of \$2,140,000 to be approved today. City Hall has to stop acting like everything is normal.

Sales tax revenues are gone. Income from the Rose Bowl events is gone. Taxes from hotels are gone. The

City will be running out of money if this pandemic lasts as long as people think that it will.

Does this make sense to any of you to approve these agenda items?

You wouldn't manage your household budget like this during the pandemic. All over the City people are making hard

financial choices right now and they're not spending money for feasibility studies, consultants, and long term purchases as they did in the past.

Please consider questioning whether these kinds of expenditures are necessary at this time and for the foreseeable future.

We're all in this together.

Thank you.
