Dear Mayor and City Council,

This is an imploring then there will be established now a moratorium on evictions in Pasadena. This is a very unsettling time as it is and now with this coronavirus etc. situation it would seem heartless at the very least for these unscrupulous landlord to evict people. Please in the name of all is decent and the best concerns of humanity please initiate such a moratorium as soon as possible. Thank you.
Light and Wisdom and compassion to us all!

Subject: Supporting a Moratorium on Evictions during COVID-19

CAUTION: This email was delivered from the Internet. Do not click links or open attachments unless you know the content is safe.

Dear Mayor, Councilmembers, and Staff,

I am writing in support of a declaration of a local emergency in light of COVID-19. And, I support Agenda #5, which calls for an eviction moratorium on individuals affected by the virus.

Everyone globally and locally is suffering the consequences of COVID-19, most of all, the low-income and the sick. I thank you for your leadership in proactively protecting Pasadena's most vulnerable residents. This moratorium on evictions, undoubtedly, will prevent future families from falling into homelessness.

I am the Everyone In Organizer in the West San Gabriel Valley working to address our housing and homelessness crises. And, again, I commend you for your leadership in supporting this resolution. And, I guarantee, that once Pasadena passes this resolution, I will be able to go to other cities throughout the SGV and encourage them to make this decision also.

Wishing you all the best during this challenging time.

Thanks,
Teresa
