and City Council  
Office of the Mayor  
100 North Garfield Avenue  
Pasadena, California 91109

**Re: The Allocation and Distribution of the 10% Golf Course Green  
Fees Earmarked for Improvement in the Arroyo Seco**

Dear Mayor Bogaard:

The purpose of this letter is to request that the City Council defer any decisions made on the allocation and distribution of funds produced from the 10% set aside generated by Brookside Golf Course Green fees. The Parks and Recreation Commission has not had an opportunity to analyze the issue and would like to provide the City Council with recommendations for the use of these funds within the Arroyo Seco.

Very truly yours,

RECREATION AND PARKS COMMISSION
