RE: Civic Center/Midtown Infrastructure Task Force

Dear Mayor Holden:

At the July 10, 1998 Transportation Advisory Commission (TAC) meeting, Commissioner Walter Lauderdale, District 3 representative, advised the TAC that he would no longer be able to serve as the TAC representative to the Civic Center/Midtown Task Force due to a probable conflict of interest. This probable conflict of interest is a result of Commissioner Lauderdale's recent move to a new employer.

The TAC has accepted Commissioner Lauderdale's Task Force resignation and has chosen Commissioner Katherine Perez, District 5 TAC representative, as his replacement. TAC hereby requests that you consider and approve the appointment of Commissioner Perez as the TAC representative to the Civic Center/Midtown Task Force. Commissioner Perez has followed the progress of the Task Force and is informed and familiar with the project.

Thank you in advance for your consideration of this matter. If you have any questions or require additional information about the TAC's request, please feel free to contact me at (626) 792-3375.

Sincerely,

David Worrell
Chair, Transportation Advisory Commission
