Councilman Sidney Tyler
969 South Madison Avenue
Pasadena, California 91106

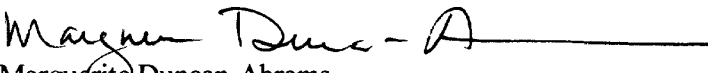

Dear Sid:

It is with regret that I must resign my position as District 7 representative to the Pasadena Community Development Committee. This decision is necessitated by the time commitment required for my position as Development Director of the Pasadena Humane Society & SPCA.

I have thoroughly enjoyed working with the Community Development Committee and staff, especially in the areas of affordable housing development and attracting new business investment to our city. If I can be of any help to my successor, I am available by telephone.

Please accept my heart-felt praise for your work on the Pasadena City Council. I am certain that over the next several years your efforts and commitment will result in many positive changes for our community.

Sincerely,

Marguerite Duncan-Abrams
