

OPEN SPACE AND CONSERVATION ELEMENT COMMUNITY FAIR PARTICIPANT RESPONSES - FEBRUARY 28, 2009

1A	Are there places in Pasadena you think should be included on this map?
1B	What differences do you see in the open space and natural areas between the map from Pasadena yesterday and today?
2A	What are the natural areas and resources you hope residents will continue to see in 50 years when they look around the city?
3A	What activities would you like to have more opportunity to do in Pasadena? What would make it easier for you to participate in these activities?
4A	Are there any City goals or actions that you were not aware of or that surprised you?
4B	Name one green feature of Pasadena City Hall.
4C	Choose one organization of interest at this station and ask them for a few more suggestions on how to green your life! Write one of the suggestions below. In addition, if you made a pledge, please write it below.

OPEN SPACE AND CONSERVATION ELEMENT COMMUNITY FAIR PARTICIPANT RESPONSES - FEBRUARY 28, 2009					
City	Zip Code	Q1A	Q1B	Q2A	Q3A
1 Pasadena	91107	Glad to see the Earth Side Nature Center is included!	Less trees.	Historical buildings, lots of trees, and trails	Water activities like fishing
2 Glendale	91208	No. Looks like a good list.	Much more developed land today. Additional comment: Save what we have left.	Maintain Arroyo Seco, Hahamonga, Eaton Canyon, Altadena foothills	Community based restoration; docent program - nature education
3		Include all potential wildlife corridors, even small patches of land for butterflies and	?	Protect all of the areas that provide wildlife with natural habitat. Also, promote "urban	Partner with Altadena and La Canada Flintridge to bring connectivity between trail
4 Pasadena	91166				
5				Watershed	Photography
6 Van Nuys	91405	No		Arroyo Seco / Eaton Canyon	City tours and info about its history
7 South Pasadena	91030				
8 Pasadena	91104	I never thought about the question before being asked at this fair. Now I have a new	Boy is the land developed now	I really want to see Hahamonga transformed into a place somewhat like the Santa Fe	A designated biking path all the way around Hahamonga / Upper Arroyo, similar to the
9	91109	On board	On board. Additional comment: See farming attachments	The open spaces in the Arroyo Trails of Eaton Canyons. A city that promotes quality	I would like to engage in helping to create and spread the knowledge and benefits of
10 Pasadena	91101	If some areas are desirable for open space and are privately owned, they should be		A fully liked circle of parks and open spaces within the boundaries of Pasadena	
11		The hillsides around the Art Center, above the Linda Vista neighborhood, into San	In favor of the Emerald Horseshoe play.	Streams, hillsides, trails, waterfalls	Plant native plants in our parkways, etc. trash clean up
12		Whatever we can rescue along the northern border between the city and mountains and	Obviously, a tremendous loss of open space and very poor, or no, long-term planning.	Open green spaces, lots of shade trees, natural plantings	Easy trail walking, picnic areas
13 Pasadena	91106	All the locations cityed in the City 2003 pocket park inventory	Encroachment (or development, depends on how you define it)	At least what we have now - and more!	Photography / hiking-walking / nature appreciation - education (i.e. kiosks detailing
14					Hiking and birding. More open spaces nearby to homes (i.e. proposed Hillsides OS in SW
15		Multi-purpose trail along RR Row #24 from Sierra Madre to Hill.	Newer development was not planned with enough open space.	Eaton Canyon naturalized and green multi-purpose trails.	More bike trails
16 Duarte	91010		There was a lot more open and natural space	More open space than we see today	More places to do it in - painting, just being outside - to see animals and look at nature
17 Pasadena	91103	The San Rafael hills around Art Center College and above El Mirador off of Linda		Any open space left where the natural integrity of native California can be preserved	The Emerald Horseshoe is an amazing idea which would not only benefit numerous

	City	Zip Code	Q1A	Q1B	Q2A	Q3A
18	Pasadena	91101	Urban park - convert the Playhouse parking lot into an urban park with parking below.	More natural landscaping like before	Emerald Horseshoe	Walkable sidewalks
19	Pasadena	91104	The abandoned Pacific Electric right-of-way just north of Walnut St, e.g., between Hill	We have almost built it all out. Let's preserve what left of the open space	The Eaton Wash area under the SCE power lines, as natural open space, trails, parks,	Group bicycling. Need bicycle fix-it clinics.
20			I am particularly concerned about maintaining native plantings along the Eaton-	Most of our larger non-developed areas have been lost.	Strips like the Eaton-Edison corridor with adjacent pocket parks could provide habitat	Commune with nature. Some neighborhood parks should facilitate quiet contemplation by
21	Pasadena	91101	No	More space in the past	The Arroyo and hiking trails	Time; explore hiking in different areas
22	Pasadena	91103				
23	Pasadena	91103				
24	Pasadena	91103				I would like notifications to be sent to the Boys and Girls Club of Pasadena 2020 N
25	Pasadena	91105	Lower Millard Canyon		Trees, wild river, open space left to nature. Additional comment: Not too many benches,	Hiking, looking at nature, plants, wildlife, birds. Additional comment: Please leave the

	OPEN SPACE AND CONSE				
	City	Zip Code	Q4A	Q4B	Q4C
1	Pasadena	91107		Palm trees - beautiful!	To use reuseable bags
2	Glendale	91208	Saving Annandale Canyon. Great job! Cutting trees on Colorado Blvd. Boo!	Native plants	
3			Stop cutting the old trees down on Colorado Blvd! That's absolutely unacceptable! Old	We like the old oaks in the City Hall Courtyard best.	AFC: plant butterfly caterpillar plants in your own garden.
4	Pasadena	91166			
5					
6	Van Nuys	91405		The plants	
7	South Pasadena	91030			
8	Pasadena	91104	I couldn't believe that funding for the soccer fields that are supposedly taking over	100% green (wind) powered City Hall!	I already have cut water down to 1x/wk in winter, but will take it down further after
9		91109	No	Runs on 100% green power derived from wind	Turn off lights, show at farmers market, reusable bags, energy efficient appliances,
10	Pasadena	91101			Despite my personal issue, this is great work! Congratulations.
11					
12			Reclamations of lost or unused sites.	Nature planting	Theodore Payne came to the program to learn more about native plants.
13	Pasadena	91106	The expansion of the City's "green" fleet	Drought-resistant landscaping!	Sierra Club - Walk! Hike! Consolidate car trips! Get educated and involved
14					
15			No		
16	Duarte	91010		The bathroom-flushing	
17	Pasadena	91103	No	Oak trees	

	City	Zip Code	Q4A	Q4B	Q4C
18	Pasadena	91101			
19	Pasadena	91104	The city's purchase of Annandale Canyon was a delightful first step in acquiring all the	Waterless urinals	Neighborhood "free fruit and vegetable exchange" for home-grown produce
20			Yes. I thought the site at 3160 Del Mar had been eliminated as a site for the eastside	I don't consider City Hall to be "green."	I pledge to plant more native plants in my yard.
21	Pasadena	91101	No - Brian keeps me up to date		
22	Pasadena	91103			
23	Pasadena	91103			
24	Pasadena	91103			
25	Pasadena	91105	No	Oaks	Plant natives!
