

November 14th Community Open House on the General Plan

Potential Exhibits

Interactive Boards

From February 28 open house

- Station 1a - identify on a map areas that you think should be protected
- Station 1b - old aerial photo of Pasadena - find where your house is
- Station 2a - photos of open spaces for people to guess where they are on the map and find out if they are protected or not
- Station 2b - paired a historic photo and a modern one of the same view - asked for "What are your thoughts?"
- Station 3a - which activities would you like to do today - vote with dots
- Station 3b - map of Pasadena and colored dots to indicate where you do the following activities, such as hike, bike, etc.
- Station 4a - Did you know facts about conservation and asks a couple of questions which were answered on the booklet
- Station 4b - What do you pledge to do of a choice of conservation measures?

Maps or other data

- All open space - vacant and not vacant
- Open space by zoning district
- Other

Vision & Principles - highlight or get feedback on the draft vision statement and guiding principles
