

## PASADENA TARGETED EMPLOYMENT AREA

Targeted Employment Area is an area within a City that is composed solely of those census tracts designed by the United State Department of Housing and Urban Development as having at least 51 percent of its residents of low or moderate income levels. The purpose of a “targeted employment area” is to encourage businesses in an Enterprise Zone to hire eligible residents from this geographic area within a City.

### **City of Pasadena Qualified Targeted Employment Area Census Tracts:**
