

Quality of Life Index Order Form

The *2002 Quality of Life Index* format has been completely redesigned. This new expanded edition profiles Pasadena and Altadena community through narrative text, vignettes and available statistics.

- Over 50 focus groups provided input to the new *2002 Index*.
- Eighteen categories of quality of life indicators, each with multiple measures are examined.
- Using a broad definition of community health, categories include economic development, arts and culture, homelessness, and access to health care.
- Emphasis is placed on the interconnection of the categories.
