Solid Waste Recycling and Disposal (SWRD)	December 2004	December 2004	CURRENT

CITY SEEKS PROGRESSIVE PARTNER

Everyone loves to come to Pasadena to eat. We hear it all the time from visitors, family, friends and colleagues from other cities. Pasadena has great restaurants but that also means that there is a downside. The most recent statistics show that food waste was the City's number one business waste, comprising nearly 20% of the waste stream.

The City of Pasadena is developing a pilot food waste recycling program in the Fiscal Year 2006. To give every hauler an opportunity to participate please send us an email or fax if you are interested in submitting a proposal. Please submit your interest no later than April 4, 2005. Please submit any questions you may have regarding the pilot program by fax to Carmen Rubio at 626-744-7085 or e-mail at crubio@cityofpasadena.net. No verbal inquiries will be answered.

There will be a meeting for all interested haulers the week of May 2, 2005. Exact date, time and location to be announced. Details of the minimum requirements for the hauler's participation will be distributed at this time.

The City plans high profile visibility for this venture, featuring the food waste program, participating restaurants and the franchise hauler-partner in paid advertising, news releases, window decals and awards recognition. Join the City as a progressive partner in this top priority program.
