Councilmember Streator suggested that since the Human Relations Commission has been working on the concept of a better community and better relationships, this matter be referred to the Commission to assist the youth with their efforts.

By general consensus, this matter was referred to the Human Relations Commission. The Mayor stated the Council is supportive of these efforts, and noted the Coalition for Zero Violence is also working toward the same goal. Persons wishing to be involved in this effort were encouraged to contact Ms. Delgado, and it was noted donations towards this effort may be sent to Pasadena LEARNS at Cleveland Elementary School, 524 Palisade Street, Pasadena, CA 91103.

CONSENT CALENDAR ITEMS DISCUSSED SEPARATELY

RESOLUTION AUTHORIZING PARTICIPATION IN JOINT POWERS AGREEMENT TO STUDY WEST SAN GABRIEL VALLEY TRANSPORTATION ZONE

Recommendation of City Manager:

(a) Adopt a resolution authorizing the City Manager to enter into the agreement titled "Joint Exercise of Powers Agreement to Establish an Interim Transportation Zone to Plan and Establish the West San Gabriel Valley Transportation Zone."

Mr. Roy Begley, Pasadena resident, spoke in opposition on the above issue.

Mr. Richard McDonald, Transportation Advisory Commission (TAC), stated a piece of TAC's recommendation was omitted in the report, and noted at its last meeting, TAC had approved a motion recommending that Council direct TAC and staff to work together to

study alternative funding sources for public transit projects as well as other ways the City can generate revenue to cover the increase in cost of transit projects.

Following a brief discussion, it was moved by Councilmember Streater, seconded by Councilmember Little, to add a third recommendation, that Council direct staff and the Transportation Advisory Commission to complete a report describing various possible structures and exploring revenue alternatives for transportation and transit activities. (Motion unanimously carried) (Absent: Councilmember Madison)

STATE BUDGET PRIORITIES

Recommendation of City Manager: Support and forward to State Legislators the list of projects (attached to the agenda report) for potential funding in the State budget.

The City Manager reviewed the report, and responded to questions. She noted our State legislative advocate Kenneth Emanuels had expressed that given the activities in Sacramento this year, and the emphasis and funds being spent on energy, that there probably will not be a lot of earmarks this year.

Mr. Michael Hurley, Recreation & Parks Commissioner, suggested including to the list, park lighting retrofit projects, and a centralized park lighting control system.

Discussion ensued regarding whether the park lighting retrofit and park lighting control system projects could be tied to energy conservation to enhance our ability to obtain State funding, and whether the Public Benefit Charge (PBC) could be used for these projects in the event State funding is not available. The City Manager responded that staff will look at whether the PBC could be applied to these projects.

Following a brief discussion, it was moved by Councilmember Tyler, seconded by Councilmember Streator, to approve the City Manager's recommendation, amended to include the park lighting retrofit and centralized park lighting control system projects to the list of priorities. (Motion unanimously carried) (Absent: Councilmember Madison, Vice Mayor Crowfoot)

PUBLIC HEARINGS

CONTINUED PUBLIC HEARING: COMMUNITY INPUT ON POTENTIAL CABLE TV AND OPEN VIDEO SYSTEM FRANCHISE AGREEMENTS

Recommendation of City Manager: Conduct a public hearing to gather community input on potential cable TV and open video system franchise agreements.

Mayor Bogaard opened the public hearing.

The City Clerk reported the notice of public hearing was published in the Pasadena Journal on February 15, 2001 and Pasadena Star News on February 16, 2001; a supplemental mailing of 560 notices of the continued public hearing was mailed on March 22, 2001; 5 new letters were received since the hearing was continued; and 5 comments were received by phone.

Mr. Mel Matthews, representing Charter Communications, distributed copies of an internal newsletter entitled "Charter Communications NOW", and briefly discussed customer satisfaction tracking that is done by Charter.

Ms. Diane Crymes, Pasadena resident, spoke regarding the problems she has encountered with her cable bill and service, and the lack of response from Charter in addressing these problems. She expressed concern regarding the monopolizing of cable TV by Charter Communications, and the need for competition.

Ms. Ann Hickambottom, Pasadena resident, briefly discussed her overall concerns with extending the franchise, and the need for Council and staff to be diligent in asking any competitor to mitigate physical impacts on neighborhoods.

It was moved by Councilmember Tyler, seconded by Councilmember Little, to close the public hearing. (Motion unanimously carried) (Absent: Councilmember Madison)

Councilmember Tyler noted the need for two fundamental criteria to be used in evaluating the two applications: 1) an evaluation of their financial strength, stating this will require them to come forward with a detailed plan of investments and capital outlays, and 2) what the projected rate structure is going to be for services to be provided, and how they compare to existing rate structures.

Various Councilmembers emphasized the importance of competition, and the hope that it will mean lower rates and better service for Pasadena residents.

On order of the Mayor, this item was referred to staff for the next steps in the process, with Council to be kept informed.

The City Manager introduced this item, and distributed a chart summarizing the staff and Planning Commission recommendations.

Mr. William Trimble, Planner, reviewed the report and responded to questions.

Ms. Kathleen Head, Consultant with KeyserMarston Associates Inc., and Mr. Richard Bruckner, Director of Housing and Development, also responded to questions.

Vice Mayor Crowfoot expressed concerns that other buyers in a project will be subsidizing the affordable unit, questioned how this would be justified, and noted he would like to see this clearly explained when this issue returns to Council.

Councilmember Holden noted it would be helpful to see a model of the staff recommendation; to have representatives from the cities of West Hollywood and Santa Monica present to discuss what they are experiencing in their communities as they go about implementing an inclusionary housing provision in their housing plan; and information on how the density bonus could be used to mitigate potential property devaluation.

The following individuals spoke on the above issue:

Mr. Richard Janisch, Planning Commission Chair, reviewed the Planning Commission's recommendations.

Mr. David Jaynes, Financial Officer of the Pasadena Unified School District, referred to a letter sent to Council from the District, reviewed the points in the letter, and requested Council consider excluding public agencies from this ordinance.

Ms. Lynne Hess, Pasadena Chamber of Commerce
Ms. Dolores Tricarico, Pasadena Chamber of Commerce
Mr. Bill Podley, Pasadena Chamber of Commerce

The City Attorney noted that given the request from the Council for *additional information that Council will consider*, she suggested continuing the public hearing, and only receive new information at that public hearing.

Councilmember Streator requested staff provide detailed information of the proposal for in-lieu payments; and invited the Chamber of Commerce and developers who spoke during public comment to share their ideas about other models they think will work in this community.

Councilmember Haderlein requested additional information regarding: 1) the possibility of including language in the ordinance to allow for a review period, or sunset period; 2) with regards to the School District's request for exemption, where we have competing goals providing affordable housing, what is the process to resolve these conflicting goals in terms of exemptions from the proposed ordinance; and 3) what is the impact on significant remodel.

Councilmember Tyler referred to Councilmember Holden's comments regarding the idea of a model, and suggested staff provide a whole series of models, with different mixes, and different project sizes; information on how the in-lieu fees will work; and information on experiences from other cities with similar inclusionary amendments.

Mayor Boogard requested staff provide information with regard to the various tools that have been used effectively in the last ten years in Pasadena to provide the affordable housing opportunities that now exist.

Councilmember Little spoke regarding the need to figure out how to put affordable housing all over the city, the need to know what the opportunities are to do that, and voiced support for several different kinds of models.

Councilmember Haderlein noted he would be interested in holding a discussion regarding the possibility of a broad based fee or a parcel tax where the burden would be spread across a much larger base.

On order of the Mayor, the public hearing was continued to April 23, 2001 at 8:30 p.m.

The City Attorney noted a condensed version of her memorandum would be available in one week.
