Pam: ideas?

Sid

January 4, 2003

Councilmember Sid Tyler
969 South Madison
Pasadena, California 91106

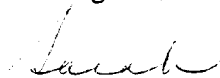

Dear Sid,

This will confirm my conversation with you regarding my intent to resign from the Pasadena Community Access Corporation (PCAC) Board—effective March 1, 2003. As you know, I had intended to complete my second board term; however, I find I must devote my time and attention to completing my qualifying requirements and doctoral dissertation during 2003. The doctoral work, ongoing client work, and an expanded and much desired commitment to my church require that I shift my priorities away from the PCAC board and organization.

I'm very proud of what we (board and staff) collectively have been able to achieve with the PCAC in the past few years; our business plan, the hiring of Don Repella as Executive Director, and improving our operations and product. PCAC is on the road to becoming a dynamic asset in the community—one that will grow in value as it moves into the future.

I appreciate the opportunity to serve the City of Pasadena through the appointment to the PCAC Board. As we discussed, I will assist, in any way possible and appropriate, in the identification of a qualified individual for your appointment to my unexpired Board term.

Best regards,

Sarah Smith Orr

Dist. 7

c: Geoffrey Baum, President
PCAC Board of Directors
