Dear Steve:

First, I want to thank you for appointing me to represent District 4 on the Human Services Commission. It has been a very special experience and I hope that I have been able to represent you well and contribute to the Commission's mission in some meaningful way.

Unfortunately, for several reasons, I now feel that I must offer my resignation from the Human Services Commission. This decision was a difficult one to make because it is very important to me to be involved in volunteer service to our wonderful city. It just seems to me that, at this time, my strengths and resources might be used better in another capacity.

I appreciate your support and confidence and look forward to having the opportunity to work with you again in the future.

Sincerely,

Lynne C. Hess
