RE: ADOPTION OF A RESOLUTION AMENDING THE SALARY
RESOLUTION TO ESTABLISH CONTROL RATES FOR THE
NEW CLASSIFICATIONS OF DEPUTY POLICE CHIEF AND
SENIOR ASSISTANT CITY ATTORNEY

RECOMMENDATION

It is recommended that the City Council adopt the attached Resolution amending the Salary Resolution to establish a Control Rate for the classification of Senior Assistant City Attorney effective November 22, 2004; and establish a Control Rate for the classification of Deputy Police Chief effective April 5, 2004.

BACKGROUND

The City Council establishes by Resolution salaries and benefits for classifications which are not represented by a union. The City Council may amend the Salary Resolution from time to time as appropriate to reflect modifications to the position classification structure.

The attached Resolution retroactively establishes Control Rates for two classifications, Deputy Police Chief and Senior Assistant City Attorney. Under the current Salary Resolution, the function of deputy police chief is assigned to an individual in the rank of Police Commander, who receives assignment pay for this additional responsibility. In November 2004, the City Council established a similar assignment pay for the Assistant City Attorney assigned to take a lead role in the Civil Section of the City Attorney's Office. In the past, the California Public Employees Retirement System (CalPERS) has treated this type of assignment pay as compensation when calculating retirement benefits. In the past several months, however, CalPERS has taken the position that such assignment pay is not considered compensation for retirement calculation purposes, thus significantly impacting the retirement benefits for individuals assigned to these functions.

This action will turn the assignments of Deputy Police Chief and Senior Assistant City Attorney into classifications with defined salary Control Rates.

Compensation previously paid as assignment pay will be retroactively converted into base salary, thereby ensuring that retirement benefits for individuals in these functions is consistent with the City's original intent. Appointment and/or rotation to the new classifications will continue to be at the discretion of the Police Chief and the City Attorney, respectively.

This action does not create additional FTE's; in both instances an existing FTE will be converted into a new classification. The Control Rates recommended are equivalent to compensation currently paid as base salary plus assignment pay. The additional language changes noted provide that existing benefits continue at the same level for the individual assigned as Deputy Police Chief.

FISCAL IMPACT

There is no fiscal impact associated with this action.
