Jane -

I'm sending additional maps for the inclusionary housing discussion, to be distributed to the City Council.

This E-mail is the 3rd of 4 including 6 of the 28 maps that I'm sending. (16 maps were sent in the last 2 E-mails).

Attached is an Adobe Acrobat file with 6 Pasadena maps with 2000 housing ownership data indicating:

- 1) % owned housing units with no mortgage
- 2) median monthly ownership costs for mortgaged housing units
- 3) average monthly mortgage payment
- 4) % of owned mortgaged units in "very low" range (including utilities...)
- 5) % of owned mortgaged units in "low" range
- 6) % of owned mortgaged units in "moderate" range

Please provide these maps in the Council Agenda Packet for the inclusionary housing ordinance discussion.

Please provide for this week so that they will have time to study it ahead of time; and have extra copies available for the next meeting where the topic is on the agenda.

Thank You.
