

Agenda Report

TO: CITY COUNCIL

DATE: August 7 2006

FROM: CITY MANAGER

SUBJECT: ADOPTION OF THE 2006 ANNUAL CITY OF PASADENA SELF CERTIFICATION REPORT IN CONFORMANCE WITH THE CONGESTION MANAGEMENT PROGRAM FOR LOS ANGELES COUNTY AND THE 2006 LOCAL DEVELOPMENT REPORT IN ACCORDANCE WITH GOVERNMENT CODE SECTION 65089

RECOMMENDATION

It is recommended that the City Council:

1. Adopt a resolution finding the City in conformance with the Congestion Management Program (CMP) for the County of Los Angeles;
2. Adopt the 2006 Local Development Report in accordance with California Government Code Section 65089 (Attachment A); and
3. Direct Staff to file the CMP Local Implementation Report with the Los Angeles County Metropolitan Authority (MTA).

BACKGROUND

The Congestion Management Program is a state mandated program enacted by the legislature with passage of Assembly Bill 471. In passing the CMP statute in 1989, the legislature noted increasing concern that urban congestion was impacting the economic vitality of the state and diminishing the quality of life in many communities. The legislature also noted that the planning process was not well suited to address the congestion relief. As a new approach to address congestion concerns, the CMP was created for the following purposes:

1. To link land use, transportation and air quality decisions;
2. To develop a partnership among transportation decision makers on devising appropriate transportation solutions that include all modes of travel; and
3. To propose transportation projects that are eligible to compete for state gas tax funds.

The system required each local agency to contribute to the program by:

1. Tracking the performance of various modes of transportation;
2. Tracking new building activities;
3. Reporting local land use decisions for the analysis of their impacts on the regional transportation system; and
4. Implementing local transportation demand management (TDM) guidelines and ensuring new developments are supportive of transit and TDM.

All local jurisdictions, including the City of Pasadena, participate in the CMP Countywide Deficiency Plan. In prior years, each jurisdiction was responsible for mitigating a portion of the impact of their new development on the regional transportation system. Local responsibilities and actions were tracked through a point system which reflected the impact of growth and benefits of improvement (computed as debits and credits, respectively). Local agencies were required to maintain a positive balance of credits over debits to remain in conformance with the CMP.

However, in 2004, the debit and credit system underwent a comprehensive review and cities in Los Angeles County are now only responsible for reporting new developments. Thus, cities are only required to report information regarding building permits issued during the reporting period (from June 1, 2005 through May 31, 2006).

Development Totals

The City of Pasadena will be reporting the following summary of development permits issued from June 1, 2005 to May 31, 2006.

Single Family Residential	31 dwelling units
Multi-Family Residential	411 dwelling units
Commercial Developments	150,790 square feet
Office Developments	144,500 square feet

Exempted Development Totals

Mixed-use developments and high density residential developments within a quarter mile of a rail station are not included in the City's CMP Local Development Report Summary because new developments near rail stations are credited for generating less traffic. The total number of units and square-footage exempted from the Development Report Summary are listed below.

Low/Very Low Income Housing	95 dwelling units
Mixed Use Dev. (quarter mile from rail station)	175 dwelling units
Mixed Use Dev. (quarter mile from rail station)	34,630 sq feet

Development Adjustments

The City also reports information for any structure that received a demolition permit. This year, the City of Pasadena will be reporting demolition permits for two single family units as well as permits for the demolition of 3,860 square feet of commercial space and 9,530 square feet of office space.

2006 Local Development Report

The City meets its State mandated requirements by submitting a resolution finding the City of Pasadena in compliance with the Congestion Management Program for the County of Los Angeles and submitting a Local Development Report that has been adopted by City Council in accordance with Government Code Section 65089.

FISCAL IMPACT

The City receives an annual average of \$800,000 from gas tax funds, which is used to support capital improvement projects. Conformance with the Congestion Management Program is required annually in order for the City of Pasadena to continue receiving funds from Section 2105 of the State gas tax funds and to preserve eligibility for other transportation revenue from the State and Federal governments.

Respectfully submitted,

CYNTHIA J. KURTZ
City Manager

Section I, Page 4

Exempted Development Definitions:

- Low/Very Low Income Housing: As defined by the California Department of Housing and Community Development as follows:
 - Low-Income: equal to or less than 80% of the County median income, with adjustments for family size.
 - Very Low-Income: equal to or less than 50% of the County median income, with adjustments for family size.
- High Density Residential Near Rail Stations: Development located within 1/4 mile of a fixed rail passenger station and that is equal to or greater than 120 percent of the maximum residential density allowed under the local general plan and zoning ordinance. A project providing a minimum of 75 dwelling units per acre is automatically considered high density.
- Mixed Uses Near Rail Stations: Mixed-use development located within 1/4 mile of a fixed rail passenger station, if more than half of the land area, or floor area, of the mixed use development is used for high density residential housing.
- Development Agreements: Projects that entered into a development agreement (as specified under Section 65864 of the California Government Code) with a local jurisdiction prior to July 10, 1989.
- Reconstruction or replacement of any residential or non-residential structure which is damaged or destroyed, to the extent of > or = to 50% of its reasonable value, by fire, flood, earthquake or other similar calamity.
- Any project of a federal, state or county agency that is exempt from local jurisdiction zoning regulations and where the local jurisdiction is precluded from exercising any approval/disapproval authority. These locally precluded projects do not have to be reported in the LDR.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PASADENA, CALIFORNIA, FINDING THE CITY TO BE IN CONFORMANCE WITH THE CONGESTION MANAGEMENT PROGRAM ("CMP") AND ADOPTING THE CMP LOCAL DEVELOPMENT REPORT, IN ACCORDANCE WITH CALIFORNIA GOVERNMENT CODE SECTION 65089

WHEREAS, the CMP statute requires the Los Angeles County Metropolitan Transportation Authority ("LACMTA"), acting as the Congestion Management Agency for Los Angeles County, to annually determine that the County and cities within the County are conforming to all CMP requirements; and

WHEREAS, LACMTA requires submittal of the CMP Local Development Report by September 1 of each year; and

WHEREAS, the Pasadena City Council held a noticed public hearing on August 7, 2006.

THEREFORE BE IT RESOLVED by the Pasadena City Council as follows:

SECTION 1. The City of Pasadena ("City") has taken all of the following actions, and the City is in conformance with all applicable requirements of the 2004 CMP adopted by the LACMTA Board on July 22, 2004.

By June 15, of odd-numbered years, the City will conduct annual traffic counts and calculated levels of service for selected arterial intersections, consistent with the requirements identified in the CMP Highway and Roadway System chapter.

The City has locally adopted and continues to implement a transportation demand management ordinance, consistent with the minimum requirements identified in the CMP Transportation Demand Management chapter.

The City has locally adopted and continues to implement a land use analysis program, consistent with the minimum requirements identified in the CMP Land Use Analysis Program chapter.

The City has adopted a Local Development Report, attached hereto and made a part hereof, consistent with the requirements identified in the 2004 CMP. This report balances traffic congestion impacts due to growth within the City with transportation improvements, and demonstrates that the City is meeting its responsibilities under the Countywide Deficiency Plan consistent with the LACMTA Board adopted 2003 Short Range Transportation Plan.

SECTION 2. The City Clerk shall certify to the adoption of this Resolution and shall forward a copy of this Resolution to the Los Angeles County Metropolitan Transportation Authority.

Adopted at the regular meeting of the City Council on the _____ day of _____, 2006 by the following votes:

AYES:

NOES:

ABSENT:

ABSTAIN:

JANE L. RODRIGUEZ
City Clerk

APPROVED AS TO FORM:
