Dear Steve;

Due to increased family responsibilities I find that I am no longer able to continue to serve as the District Six Code Enforcement Commissioner and must resign.

The one week a month that I spend in Sacramento with my granddaughter has begun to interfere with the Code Commission meetings, which are held on the first Thursday of each month. That conflict, along with some recent health issues, makes it almost impossible for me to attend the monthly meetings of the Commission.

I have very much enjoyed serving on the Code Enforcement Commission and have particularly enjoyed getting to know the staff. I would like to commend Code Compliance Managers Michael King and Jon Pollard for serving the City with their hard work and their dedication to the residents of Pasadena.

Sincerely,

Dorothy R. Lindsey
